HUGH C. E. PETERSON, M.A.S.A.E., M.I.E., M.E.C.E.,

Agricultural Engineer to the Government of Bengal.

Tejgaon post office, Dacca, the 7th June 1933.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the actuary to the Government of India, and his report discloses very favourable results. For forms of publication and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

NOTICE is hereby given that with effect from the 3rd day of May 1933 the firm of Harkaramdas Pannalal of Chandil has been dissolved and the said firm now belongs to Babu Pannalal Rungta and his sons Babus Mahabir Prosad Rungta and Dwarka Prosad Rungta. All the other parties have ceased to have any interest whatsoever in the said firm of Harkaramdas Pannalal of Chandil and the business thereof with effect from the said date.

The records referred to may, however, be destroyed, if the persons on whose account they have been preserved are known to be dead."

No. 3144Pl.—17th June 1933.—The following *draft of amendments which, in exercise of the powers conferred by section 11 of the* Indian Motor Vehicles Act, 1914 (VIII of 1914), the Governor in Council proposes to make in the rules regulating the use of motor vehicles in places in Bengal other than Calcutta (including suburbs) and the Municipality of Howrah, published under notification No. 12667P., dated the 3rd October 1917, as amended from time to time, is hereby published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 21st July 1933, and any objection or suggestion received by the undersigned with regard thereto before that date will be duly considered:—

Draft amendments.

I. In sub-rule (*i*) of rule 49A (as amended by notification No. 5056Pl., dated the 19th October 1932) in Part V of the said rules, *delete* the words "25 horse-power and."

II. In sub-rule (*ii*) of rule 49A in Part V of the said rules,

(*a*) *delete* the words "25 horse-power and," and

(*b*) *substitute* "40 hundredweights" for "35 hundredweights."

At the end of the same sub-rule (*ii*), *insert* the following proviso, namely:—

"Provided that the Deputy Commissioner, Darjeeling, having regard to the safety of the road and the condition of the vehicle, may, by written order,

(*a*) permit any motor car licensed to carry passengers for hire, which was duly registered and plying on the Hill Cart Road on or before the 14th January 1933, to continue to ply thereon at any laden weight to be fixed by him for the vehicle and not exceeding 45 cwts.;

(*b*) exempt from the laden weight limit

(*i*) any motor car which does not ply for hire nor is licensed to carry goods and which is principally kept in the district of Darjeeling, provided that the car was actually in use in the district on or before the 14th January 1933, and

(*ii*) any motor car, which does not ply for hire nor is licensed to carry goods and which is not principally kept or used in the district of Darjeeling, and

(*c*) at any time modify or withdraw such permission or exemption."

III. For clause 3 of sub-rule (*v*) of rule 49A in Part V of the said rules, *substitute* the following:—

"If any motor vehicle is found to have a gross weight in excess of that permitted by these rules or by any special permission or exemption granted under the proviso to rule 49A (*ii*) the weighing officer will take full particulars of the vehicle and the driver's licence and will report the matter to the Superintendent of Police, Darjeeling. The certificate of the Station Master shall accompany such reports. *In the case of an upward vehicle no such report shall be made if the driver or* person in charge reduces the weight within the permissible limit and continues his journey at the reduced weight."

For clause 4 of the same sub-rule (*v*), *substitute* the following:—

"No upward vehicle which does not exceed 45 cwts. shall be refused a proceed order issuable under rule 53 on the ground of excess weight, provided that the driver or the person in charge signs the counterfoil of the proceed order and acknowledges thereon the gross weight of his vehicle."

No. 3195Pl.—19th June 1933.—For the purposes of the rule prohibiting the employment of buffaloes as draught animals published under notification No. 980Pl.D., dated the 18th June 1930, in the *Calcutta Gazette* of the 26th June 1930, the Governor in Council is pleased to fix the 20th June 1933 as the date of cessation in the year 1933 of the prohibition contained in the said rule.

COMMERCE DEPARTMENT.

NOTIFICATION.

No. 394T. Com.—12th June 1933.—It is hereby notified for general information that a license described as the "Jalpaiguri Electric License, 1933," as set forth below, has been granted to the Jalpaiguri Electric Supply Company, Limited:—

The Jalpaiguri Electric License, 1933.

License for the supply of electrical energy granted by the Government of Bengal under the Indian Electricity Act, 1910.

License is hereby granted to the Jalpaiguri Electric Supply Company, Limited, a company registered in India under the Indian Companies Act, 1913, having its registered office at Calcutta, to supply electrical energy inside the area with the powers and upon the terms and conditions specified below:—

Short title.

1. This license may be cited as "The Jalpaiguri Electric License, 1933".

Interpretation.

2. The several words, terms and expressions to which by the Indian Electricity Act, 1910, or any statutory modifications thereof or by the rules thereunder, meanings are assigned, shall have in this license the same respective meanings, provided that in this license:—

(*a*) "the Act" shall mean the Indian Electricity Act, 1910, and any statutory modifications thereof;

(*b*) the expression "the licensees" shall mean and include the said Jalpaiguri Electric Supply Company, Limited, a company registered in India under the Indian Companies Act, 1913, having their registered office at Calcutta and their permitted assigns;

(*c*) the expression "deposited map" shall mean the plan of the area of supply hereinafter specified which has been deposited with Government in pursuance of the rules under the Act, which plan is signed for the purpose of identification by the Secretary to the Government of Bengal in the Commerce Department, and by the Director, Indo-Swiss Trading Company, Limited, Managing Agents to the Jalpaiguri Electric Supply Company, Limited, and

(*d*) the term "unit" shall mean the quantity of energy equivalent to a current of one thousand amperes flowing under an electromotive force of one volt during one hour.

Security.

3. (*a*) The period within which, under clause 1 (*a*) of the Schedule to the Act, the licensees shall show to the satisfaction of Government that they are in a position fully and efficiently to discharge the duties and obligations imposed on them by the license throughout the area of supply shall be three months from the notification of the grant of this license.

(*b*) The period within which, under clause 1(*b*) of the Schedule to the Act, the licensees shall deposit or secure such sum as therein mentioned, and the sum so to be deposited or secured shall, unless otherwise ordered by the Government under the clause, be six months from the date of notification of the grant of the license and rupees five thousand respectively.

Area of supply.

4. The area above referred to within which the supply of energy is authorised by this license (the area of supply under the Act) is the whole of the area with boundaries as follows:—

On the East—By the river Teesta and the eastern boundary of the Teesta Bank Road.

On the North, West and South—By an arc of a circle one and a half miles in radius with its centre at the centre of the District Board Iron Bridge marked "D. B. Iron Bridge" on the deposited map.

The boundary is delineated on the deposited map by a heavy red line.

Situation of generating station.

5. The licensees shall erect the generating station within the area covered by this license.

Compulsory works.

6. The words to be executed to the satisfaction of the Government under clause IV of the Schedule to the Act are as stated below:—

(*a*) The licensees shall within eighteen months from the date of the license being granted lay down suitable and sufficient feeders and distributing mains and also execute works to the satisfaction of the Government of Bengal for the purpose of supplying

electric energy throughout those streets coloured venetian red on the deposited map and set out in the annexure to this license, shall erect the generating station mentioned in clause 5 with all machinery and apparatus necessary for the purpose of giving a continuous and efficient supply and shall do all other works necessary for the commencement of the supply of energy to consumers.

The licensees shall commence to execute the works aforesaid within six months from the commencement of the license and shall complete the same within eighteen months from the commencement of this license.

(*b*) At the expiration of each successive period of six months from the commencement of this license until the completion of the compulsory works the licensees shall submit to the Secretary to the Government of Bengal in the Commerce Department reports specifying all steps taken and the progress made in carrying into effect this license.

Commencement of supply of energy.

7. (1) The supply of energy shall not be commenced until—

(*a*) the Electric Inspector to the Government of Bengal shall have inspected the licensees' works and certified in writing that the supply of energy may commence,

(*b*) the licensees' "Conditions of Supply" shall have been approved by the Local Government, and

(*c*) the amount of all miscellaneous charges incidental to or in connection with the supply to consumers and which the licensees propose to make against consumers or prospective consumers shall have been so approved.

(2) The licensees shall not supply energy to any consumer or undertake work incidental to any such supply for a prospective consumer until—

(*a*) such prospective consumer shall have tendered to the licensees a requisition duly signed in the form for the time being approved by the Local Government, and

(*b*) such prospective consumer and the licensees shall have executed an agreement in a form approved or to be approved by the Local Government.

Accounts.

8. Separate and distinct accounts shall be kept by the licensees showing in full detail, as required by the Indian Electricity Act and Rules thereunder, the working of the electrical undertaking for which this license is granted.

Nature of supply.

9. The nature of supply shall be a medium pressure alternating current three phase 4 wire supply at a declared pressure at the consumers' terminals of 400 volts between phases and 230 volts between each phase and neutral at 50 complete cycles per second.

The pressures stated above shall be uniform, within the limits prescribed by the Indian Electricity Rules, 1922, throughout the area of supply:

Provided that the licensees may, from time to time, with the previous consent in writing of the Government of Bengal and subject to such limitations and conditions as shall be prescribed in writing by the Government, adopt any other system of supply for the purpose of this license.

Limits of price to be charged in respect of the supply of energy.

10. The prices to be charged by the licensees for energy supplied by them shall not exceed the following maxima, namely:—

(*a*) For domestic purposes—I. Lighting—Annas eight per unit metered subject to a minimum charge of rupees sixty per annum per kilowatt of the rated wattage of lamps installed.

II. Fans—Annas seven per unit metered subject to a minimum charge of rupees forty per annum per kilowatt of the rated input of the fans installed.

III.—Flat rate for lights and fans combined—Annas seven and pies six per unit metered subject to a minimum charge of rupees fifty per annum per kilowatt of the rated wattage of the lamps and rated input of the fans installed.

IV. Motor—(*i*) For each installation having motors in which the aggregated rated brake horse power does not exceed 1 B. H. P.—Annas seven per unit metered subject to a minimum charge of rupees thirty-six per annum per rated brake horse power of all the motors installed.

(*ii*) For each installation having motors in which the aggregated rated brake horse power exceeds 1 B. H. P.—Annas six per unit metered subject to a minimum charge of rupees thirty-six per annum per rated brake horse power of all the motors installed.

(*b*) For industrial purposes—(*i*) For each installation having motors in which the aggregated rated brake horse power does not exceed four—Annas four per unit of energy metered *plus* rupees eight per month per rated brake horse power of all the motors installed.

(*ii*) For each installation having motors in which the aggregated rated brake horse power exceeds four but does not exceed fifteen—Annas three and pies six per unit of energy metered *plus* rupees eight per month per rated brake horse power of all the motors installed.

(*iii*) For each installation having motors in which the aggregated rated brake horse power exceeds fifteen—Annas three per unit of energy metered *plus* rupees eight per month per rated brake horse power of all the motors installed.

(*c*) For heating, cooking, refrigerating and for all domestic purposes other than those specified in sub-clause (*a*)—Annas four per unit metered.

NOTE.—When the minimum charge specified in clause 10, sub-clause (*a*) I or (*a*) II or (*a*) III or (*a*) IV (*i*) or (*a*) IV (*ii*) is levied, then no other charge for energy consumed shall be made.

(*d*) In the case of a method of charge approved by the Local Government in accordance with section 23, sub-sections (*3*) and (*4*) of the Act, such maximum as the Government may fix on approving the method:

Provided that the maximum rates specified under sub-clauses (*a*), (*b*), (*c*) and (*d*) above may hereafter be reduced by the Government should the operation of clause 13 of this license in the opinion of the Government render such reduction necessary.

Purchase of the undertaking.

11. (*a*) The option of purchase given by section 7, sub-section (*1*) of the Act, shall be first exercisable on the expiration of 50 years from the date of notification of the grant of this license and thereafter on the expiration of every subsequent period of 20 years, and the term of such purchase shall be determined, in case of difference or dispute, by arbitration as provided by section 7, sub-section (*1*) of the Act. The percentage to be added on account of compulsory purchase to the value (as determined in accordance with and for the purpose of sub-section (*1*) of section 7 of the Act) of lands, buildings, works, materials and plant of the licensees shall, in accordance with the second proviso of the said sub-section be 20 per cent.

(*b*) In accordance with clause (*d*) (*ii*) of sub-section (*2*) of section 3 of the Act it is hereby declared that the generating station to be used in connection with the undertaking shall form part of the undertaking for the purpose of purchase under section 5 or section 7 of the Act, provided that the power station shall not have been abandoned by reason of the operation of clause 13.

(*c*) After notice shall have been given as prescribed in section 7, sub-section (*4*) of the Act, all extensions and outlays of money debitable to the capital account of the licensees during the last two years of the period of such notice shall be subject to the previous approval of the Government.

Transfer of license.

12. Within five years from the date of the grant of this license, the licensees shall not enter into negotiations with a view to transfer, assign, charge or otherwise deal with or dispose of this license with a view to obtaining monetary or any other consideration in excess of that expended by them in obtaining the license together with any other preliminary expenses incurred thereby. Full particulars setting out in detail the amounts expended and also those expected to be obtained shall be submitted to Government by the licensees when any application is made for the disposal of this license.

The licensees or, in the event of another company being floated for the purpose of taking over this license on transfer from the original licensees, the company shall not, without the previous sanction of the Local Government in writing, engage in any business other than that specially authorised by this license or essentially neecssary to permit the licensees or the company to carry out the obligations imposed by this license, the Indian Electricity Act, 1910, and the Indian Electricity Rules, 1922.

Bulk supply.

13. Should a supply of electrical energy in bulk become available at any future date from any source at such rates that the net rates and other charges payable by consumers for the supply of distributed energy under this license could, in the opinion of the Government, be reduced, the licensees shall obtain their supply from such source and shall

also reduce the rates charged to consumers and also those in clause 10 of this license by amounts which shall be approved by Government.

The decision of Government on the operation of this clause shall be final.

Variations from the Schedule to the Act.

14. In pursuance of clause (*f*) of sub-section (*2*) of section 3 of the Act it is hereby expressly declared that—

(*a*) The following sub-clause shall be substituted for clause VI, sub-clause (*5*), namely:—

"Every requisition under this clause shall be in a form approved by the Local Government; and copies of the form shall be kept in the office of the licensees and supplied free of charge to any applicant."

(*b*) The following sub-clause shall be substituted for clause X, sub-clause (*2*), namely:—

"Before commencing to supply energy through any distributing main the licensees shall give notice, by public advertisement in such manner as shall be previously approved by the Local Government, of the method by which they propose to charge for energy so supplied and the rates at which such energy will be supplied; and, where the licensees have given such notice, they shall not be entitled to change the method of charging or the rates at which energy will be supplied without giving notice thereof by public advertisement in the manner aforesaid and giving not less than one month's notice in writing or such shorter notice as the Local Government may deem proper of such change to the Local Government, to the local authority, if any, concerned and to every consumer of energy who is supplied by them from such distributing main."

(*c*) Clause IV of the Schedule to the Act shall, for the purpose of incorporation in this license, be varied by the substitution of enghteen months for the period of three years specified in the said clause.

Securing continuity of supply.

15. If it shall come to the knowledge of the licensees (which expression shall for the purpose of this clause and clause 16 immediately following be taken to mean and include the licensees, their employees, servants and agents and their permitted assigns) that any civil commotion or disturbance of the public peace or any strike or lockout of the nature specified in section 15 of the Trades Disputes Act, 1929, likely to result in the interruption of supply of energy from the power station or to consumers, has commenced or is presently apprehended by the licensees, then the licensees or some one on their behalf shall give to the District Magistrate or to a Magistrate near the licensees' power station immediate and full information with regard thereto.

Revocation.

16. (*a*) If the licensees shall in the opinion of the Local Government have failed to give such immediate and full information as is required in clause 15 hereof or if at any time any interruption of the supply shall occur which in the opinion of the Local Government is attributable to any wilful or preventable default or neglect on the part of the licensees or if the licensees shall in the opinion of the Local Government fail to comply with any of the provisions of any of the clauses of this license or shall in the opinion of the Local Government fail to show satisfactory progress during any portion of the period of eighteen months specified in clause 6 of this license or if the general direction and control of the licensees shall cease to be in the hands of British subjects, the license may be revoked.

(*b*) In the event of the Local Government revoking the license for any of the causes specified in this clause, the security deposit of rupees five thousand, made in accordance with clause 3 (*b*), may, in whole or part, be forfeited to the Local Government, as the Local Government may decide, and the decision of the Local Government as to both revocation and forfeiture shall be final and binding on the licensees.

Annexure.

G. S. DUTT, I.C.S.,
Director of Industries, Bengal.

Bengal Survey School (Mainamati Hills).

[P. O. Survey School, district Tippera.]

Admission Rules.

The Bengal Survey School is a Government institution under the administrative control of the Director of Industries, Bengal. It is situated on the Mainamati Hills, in the district of Tippera, four miles west of the Comilla railway station, on the Assam-Bengal Railway. The Dacca-Chittagong Trunk Road runs close to the site of the school. It is healthily situated and occupies a picturesque site.

2. The Principal is charged with the general control of the school and the maintenance of discipline.

3. The school, which is ranked as a major institution, is affiliated to the Survey Education Advisory Board, Bengal, for the Survey Final and the Amin Examinations.

4. In addition to the ordinary course, the school trains special students who do not intend to earn their living as Surveyors but wish to receive training in surveying; candidates for appointment as district kanungos or any Government official rank as special students.

5. The total number of admission to the first year course is limited to 50, of whom not more than 10 may be special students; for the second year course not more than 30 shall be admitted in any one year, and not more than 5 of these may be special students.

6. The full course of instruction extends over two years. The session for the first year course, which corresponds to the Amin standard, begins from the 1st August and terminates on the 31st July of the following year. The session for the second year or the Survey Final course, begins from the re-opening day of the school after the Durga Puja holidays or from such date as may be notified by the Principal, not later than 1st November. The second year course also runs for twelve months. No student shall be admitted, or, in case of reinstatement after removal of his name from the school books, be re-admitted after the expiry of one month from the opening of the session, or from the date of removal of his name, as the case may be.

7. Applications for admission to the first year course must be submitted to the Principal on or before the 30th June. Applications for admission to the second year course must be submitted on or before the 30th September or such other date as may be notified by the Principal. Each application, either for admission to first year or to second year, must be accompanied by a registration fee of Rs. 3, which shall in no case be returned. Printed forms for application may be obtained from the office of the Principal.

8. The qualifications for admission to the first year course are:—

(a) A sound knowledge of elementary arithmetic.

(b) Ability to write simple English and some vernacular.

(c) A certificate of character from his last school master.

NOTE:—Preference is given to those who have passed the Matriculation Examination or received higher education.

Application for admission to first year must be accompanied by a medical certificate of fitness for arduous field work, in the approved form signed by a medical officer of rank not below that of a Sub-Assistant Surgeon. All selected candidates are required to undergo, before admission, a medical examination by the medical officer attached to the school.

9. The qualifications for admission to the second year class are:—

(a) An Amin certificate granted by the Survey Education Advisory Board.

(b) The Matriculation-pass of the Calcutta University or its equivalent.

(c) A medical certificate in the same form as for those seeking admission to first year to be granted by the school medical officer.

10. On passing the Amin Examination candidates are awarded the Amin certificate of the Survey Education Advisory Board, Bengal. On passing the Final Examination of second year course the candidates are awarded the Survey Final certificate. Holders of Survey Final certificates are eligible for appointment as district Kanungos.

The fee for Amin Examination is Rs. 15 and for the Survey Final Examination Rs. 25.

The Bengal Survey School is approved for the purposes of Regulation 38 of the Indian Coal Mines Regulations, 1926. In the terms of the said approval the holders of the Survey Final certificates, after they have gained practical experience of surveying the underground workings of a mine for six months only, will be eligible for appearing at any examination for Surveyor's certificates, under the Indian Mines Act, 1923.

11. Ordinarily candidates will not be admitted to the first year class unless they are under 21 years of age on the 1st January of the year in which the course begins. The limit of age for the candidates seeking admission to second year is below 22. The Director of Industries, Bengal, may make exceptions to this rule.

The restriction of age does not apply in the case of special students. But they should have the minimum educational qualification of regular students.

12. The school has no vacation like other educational institutions, but it remains closed on executive holidays granted by Government.

13. The school was established on a residential basis and the students are required to reside in the hostels attached to the school. The students may live with their parents or approved guardians with the special permission of the Principal; but such permission may be withdrawn at any time.

14. Messes are provided for the Hindu students. Muhammadan students make their own messing arrangements. The Hindu mess shall be entirely self-supporting; the monthly charges are fixed by the Principal from time to time. At present the charge is Rs. 9 per month. The full messing fees are charged every month.

15. The following admission fees are charged:—

	Rs.
Admission to school	2

Extracts from Standing Rules for students.

1. Students are expected to attend 100 per cent. of the works, and those who have not put up at least 75 per cent. of possible attendances in class and 80 per cent. in field work are not allowed to appear at any examination of the Survey Education Advisory Board.

2. Ordinarily students are not granted leave out of the school for more than ten days during a session. Such leave is granted only on a requisition from the bona fide guardian of the student concerned.

3. Students are excused from attending the class or the field on medical grounds on the recommendation of the school medical officer. But frequent absence on medical grounds may render a student unfit for the course.

4. Students must provide themselves with drawing instruments, books and all other necessaries within a week of the opening of each session.

5. Breaches of discipline are dealt with according to the rules in force in the Education Department.

6. During work out of doors students should wear shorts and shirts. Wearing sola topee is also recommended.

Tejgaon post office, Dacca, the 7th June 1933.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits ; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the actuary to the Government of India, and his report discloses very favourable results. For forms of publication and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

NOTIFICATION

No 77T L 16th June, 1933 In pursuance of the provisions of sub section (3) of section 81 of the Government of India Act, the following Act of the local legislature of Bengal, having been assented to by the Governor General on the 8th June, 1933, is hereby published for general information

THE BENGAL SUPPRESSION OF IMMORAL TRAFFIC ACT, 1933.

CONTENTS.

Bengal Act VI of 1933.

THE BENGAL SUPPRESSION OF IMMORAL TRAFFIC ACT, 1933.

[Published in the *Calcutta Gazette* of the 22nd June, 1933.]

An Act for the suppression of immoral traffic in Bengal.

WHEREAS it is expedient to make better provision for the suppression of traffic in women and girls for immoral purposes;

AND WHEREAS the previous sanction of the Governor General has been obtained under sub-section (*3*) of section 80A of the Government of India Act to the passing of this Act; 5 & 6 Geo. V, c. 61; 6 & 7 Geo. V, c. 37; 9 & 10 Geo. V, c. 101.

It is hereby enacted as follows:—

Short title, commencement and extent.

1. (*1*) This Act may be called the Bengal Suppression of Immoral Traffic Act, 1933.

(*2*) It extends to the whole of Bengal.

(*3*) This section shall come into force at once and the remaining provisions of this Act, in whole or in part, shall come into force in such areas and on such dates as the Local Government may, by notification in the *Calcutta Gazette*, specify and for this purpose different dates may be specified for different provisions of this Act and for different areas.

Repeals.

2. The enactments specified in the Schedule are hereby repealed or amended to the extent noted against each.

Definitions.

3. In this Act, unless there is anything repugnant in the subject or context,—

(*1*) "brothel" means any house, part of a house, room or place in which two or more females carry on prostitution for the gain of any other person, or in which any girl under the age of eighteen years is kept with intent that she shall at any age be employed or used for any immoral purpose.

Explanation.—Where a girl under the age of eighteen years is for the time being resident in any house or place used by one or more females for the purpose of prostitution and is being maintained by or associating with any prostitute, it shall, unless such girl is the daughter of an inmate of such house or place, be presumed until the contrary is proved that she is being kept with intent that she shall be employed or used for an immoral purpose.

(*2*) "Commissioner of Police" means the Commissioner of Police for the town and suburbs of Calcutta, and includes a Deputy Commissioner of Police of Calcutta;

(*3*) "prescribed" means prescribed by rules made under this Act;

(*4*) "prostitution" means promiscuous sexual intercourse for hire, whether in money or kind;

(*5*) "prostitute" means any female available for the purpose of prostitution;

The Bengal Suppression of Immoral Traffic Act, 1933.

(*Section 4.*)

(*6*) " public place " includes the site of any ***hat***, ***bazar*** or *mela*, the banks of any river and any docks, jetties and warehouses to which the public have access, every public building, garden, monument, and the precincts thereof, every place of public amusement, every place of public entertainment and every place accessible to the public for drawing water, washing or bathing, or for purposes of recreation.

Explanation.—(*a*) The expression "place of public amusement" means any place, enclosure, building, tent, booth or other erection, whether permanent or temporary, where music, singing, dancing, or any diversion or game, or the means of carrying on the same, is provided, and to which the public are admitted either on payment of money, or with the intention that money may be collected from those admitted, and includes a race-course, carnival, circus, cinema, theatre, music hall, billiard-room, bagatelle-room, gymnasium and fencing school.

(*b*) The expression "place of public entertainment" means any place, whether enclosed or open, to which the public are admitted, and where any kind of food or drink is supplied for consumption on the premises for the profit or gain of any person owning or having an interest in or managing such place and includes a refreshment-room, eating-house, coffee-house, liquor-house, boarding-house, lodging-house, hotel, tea-shop, tavern and a wine, beer, spirit, *arrack*, *toddy*, *ganja*, *bhang* or opium shop.

(*7*) " Superintendent of Police " includes any Assistant Superintendent of Police or other person appointed by general or special order of the Local Government to perform all or any of the duties of a Superintendent of Police under this Act in any district.

Punishment for keeping a brothel or allowing premises to be used as a brothel.

4. (*1*) Any person who—

(*a*) keeps or manages or acts or assists in the management of a brothel, or

(*b*) being the tenant, lessee, occupier, or person in charge of any premises, knowingly permits such premises or any part thereof to be used as a brothel, or

(*c*) being the lessor or landlord of any premises or the agent of such lessor or landlord, lets the same, or any part thereof, with the knowledge that the same, or any part thereof, is intended to be used as a brothel,

shall be punished with imprisonment of either description for a term which may extend to two years, or with fine, or with both.

(*2*) Any person who, having been convicted of an offence punishable under sub-section (*1*) is convicted of a subsequent offence punishable under the said sub-section shall be punished with imprisonment of either description for a term which may extend to five years, or with fine, or with both, and may in addition be ordered by the Court convicting him to execute a bond for a sum proportionate to his means, with or without sureties, to be of good behaviour for such period not exceeding three years as it thinks fit.

(*3*) If a conviction under sub-section (*2*) is set aside on appeal or otherwise the bond so executed shall be void.

(*4*) An order for the execution of a bond in accordance with the provisions of sub-section (*2*) may also be made by an Appellate Court or by the High Court when exercising its powers of revision.

The Bengal Suppression of Immoral Traffic Act, 1933.

(*Section 5.*)

(*5*) The provisions of Chapter VIII of the Code of Criminal Procedure, 1898, shall apply to orders made for the execution of bonds under this section, and imprisonment for failure to give security shall be rigorous or simple as the Court may direct. Act V of 1898.

(*6*) In a prosecution under this section if it is found that any premises or part thereof have been used as a brothel it shall be presumed until the contrary is proved that the manager, tenant, lessee, occupier or person in charge of such premises or part knew that the premises or part thereof were being used as a brothel.

(*7*) No Court shall take cognizance of any offence punishable under this section except on the complaint of—

(*a*) (*i*) the Corporation of Calcutta, if the premises are situated within its jurisdiction, or

(*ii*) if the premises are situated elsewhere, the Chairman of the Municipality, District Board or Local Board, or the President of the Union Board, within the jurisdiction of which the premises are situated, made in pursuance of a resolution of the Commissioners of the Municipality or of the Members of the Board as the case may be; or

(*b*) three or more persons occupying separate premises or holdings and resident in the vicinity of the premises or holdings to which the complaint relates; or

(*c*) a representative of any society recognised by the Local Government in this behalf who has been authorised by the society to institute prosecutions under this section.

(*8*) No complaint shall be instituted under this section in respect of any brothel with reference to which proceedings are pending under section 6.

Determination of tenancy of premises in the case of a conviction under section 4.

5. (*1*) On conviction of the tenant, lessee or occupier of any premises of any offence under section 4 in respect of such premises, the landlord or lessor of such premises shall be entitled to require the person so convicted to surrender the lease or other contract under which the said premises are held by him, or to assign the said lease or contract to some person approved by the landlord or lessor, which approval shall not be unreasonably withheld, and, in the event of the person so convicted failing within three months to surrender or assign the lease or contract as aforesaid, the landlord or lessor shall be entitled to determine the lease or other contract, but without prejudice to the rights or remedies of any party to such lease accruing before the date of such determination.

(*2*) If the landlord or lessor determines a lease or contract of tenancy under the provisions of sub-section (*1*), the Court which convicted the tenant, lessee, or occupier of the premises may make an order for delivery of possession by such tenant, lessee, or occupier to the landlord or lessor within such time, not being less than seven days, as the Court may direct. A copy of the order shall be served on the person against whom it is made. If such person fails to comply with the order, he shall be punished with imprisonment of either description for a term which may extend to one month or with fine which may extend to two hundred rupees or with both, and the Court may take such steps as it considers necessary to put the landlord or lessor in actual possession of the premises.

(*3*) The Court convicting any tenant, lessee or occupier of an offence punishable under section 4 in respect of any premises may give notice in writing of such conviction to

The Bengal Suppression of Immoral Traffic Act, 1933.

(Section 6.)

the landlord or lessor of such premises, and if the landlord or lessor after service of the notice does not exercise his rights under sub-section (*1*) and subsequently during the subsistence of the lease or contract an offence under section 4 is again committed in respect of the premises, the landlord or lessor shall be deemed to have abetted such offence, unless he proves that he has taken all reasonable steps to prevent the recurrence of the offence.

(*4*) Where a landlord or lessor determines a lease or other contract under sub-section (*1*), and subsequently grants another lease or enters into another contract of tenancy in respect of the same premises to, with or for the benefit of the same person he shall be deemed to have failed to exercise his rights under sub-section (*1*) and any offence under section 4 committed during the subsistence of the subsequent lease or contract shall be deemed for the purposes of this section to have been committed during the subsistence of the previous lease or contract unless such landlord or lessor satisfies the Court that he made reasonable inquiries to justifiy a *bona fide* belief that such tenant, lessee, or occupier did not intend to use the premises as a brothel or to allow them to be so used.

(*5*) No action taken by any landlord or lessor under the provisions of this section shall be called in question in any Civil Court.

Power to order discontinuance of house, room or place as brothel, etc.

6. (*1*) If the Commissioner of Police or Superintendent of Police receives information that any house, room or place—

(*a*) is being used as a brothel or disorderly house, or for the purpose of carrying on prostitution, in the vicinity of any educational institution or of any boarding house, hostel or mess used or occupied by students, or of any place of public worship or recreation, or

(*b*) is used as, or for the purpose, aforesaid to the annoyance of inhabitants of the vicinity, or

(*c*) is used, as, or for the purpose, aforesaid on any main thoroughfare which has been notified as such in this behalf by the Local Government on the recommendation of—

(*i*) the Corporation of Calcutta, if the thoroughfare is situated within its jurisdiction, or

(*ii*) the Commissioners of any Municipality, within whose jurisdiction the thoroughfare is situated, made in pursuance of a resolution of the Commissioners of the Municipality; or

(*d*) is used as a common place of assignation,

he may cause a notice to be served on the owner, lessor, manager, lessee, tenant or occupier of the house, room or place or all of them, to appear before him, either in person or by agent, on a date to be fixed in such notice, and to show cause why, on the grounds to be stated in the notice, an order should not be made for the discontinuance of such use of such house, room or place

(*2*) If, on the date fixed, or on any subsequent date to which the hearing may be adjourned, the Commissioner of Police or Superintendent of Police is satisfied after making such inquiry as he thinks fit, that the house, room or place is used as described in clause (*a*), (*b*), (*c*) or (*d*) of sub-section (*1*), as the case may be, he may direct by order in writing to be served on such owner, lessor, manager, lessee, tenant or occupier, that the use as so described of the house, room or place be discontinued from a date not less than fifteen days from the date of the said order and be not thereafter resumed.

The Bengal Suppression of Immoral Traffic Act, 1933.

(Section 7.)

(*3*) No house, room or place, concerning which an order has been made under sub-section (*2*), shall again be used, or be allowed to be used, in any manner described in clause (*a*), (*b*), (*c*) or (*d*) of sub-section (*1*), as the case may be, and the Commissioner of Police or Superintendent of Police, if he is satisfied, that such house, room or place is again used in such manner, may by order in writing to be served on the owner, lessor, manager, lessee, tenant or occupier of such house, room or place, direct that the use as so described of such house, room or place be discontinued within a period of seven days and be not thereafter resumed.

(*4*) For the purposes of this section the decision of the Commissioner of Police or Superintendent of Police that a house, room or place is used in any manner, or for any purpose, described in clause (*a*), (*b*), (*c*) or (*d*) of sub-section (*1*) shall be final, and the legality or propriety thereof shall not be questioned in any trial or judicial proceeding in any Court.

(*5*) Whoever, after an order has been made by the Commissioner of Police or Superintendent of Police under sub-section (*2*) or sub-section (*3*) in respect of any house, room or place, uses, or allows to be used, such house, room or place in a manner which contravenes such order after the period stated therein, shall be punished with fine which may extend to fifty rupees for every day after the expiration of the said period during which the breach continues, and shall, on a second conviction for the same offence, be punished with imprisonment for a term which may extend to six months in addition, to or in lieu of, any fine imposed.

(*6*) For the purpose of an inquiry under this section the Commissioner of Police or Superintendent of Police may depute any police officer not below the rank of an inspector to make a local investigation, and may take into consideration his report thereon.

(*7*) The Commissioner of Police and the Superintendent of Police shall maintain a register in which shall be entered a description of all houses, rooms and places in respect of which an order has been made under this section. Such register shall be open to inspection by the public on payment of the prescribed fee.

(*8*) Notwithstanding anything contained in any other law for the time being in force, the owner or lessor of any house, room or place, in respect of which an order has been made on the lessee, tenant or occupier thereof directing the discontinuance of the use thereof as a brothel or disorderly house or for the purpose of carrying on prostitution, or as a common place of assignation, shall be entitled forthwith to determine such lease, tenancy or occupation.

(*9*) No proceedings shall be taken under this section in respect of premises which are the subject of any proceedings under section 4 or within six months of the termination of such proceedings.

Soliciting for purposes of prostitution.

7. (*1*) Any person who in any street or public place or within sight of, and in such manner as to be seen or heard from any street or public place, whether from within any house or building or not—

(*a*) by words, gestures, or indecent personal exposure attracts or endeavours to attract attention for the purposes of prostitution ; or

(*b*) solicits or molests any person for the purposes of prostitution ;

shall be punished with imprisonment of either description which may extend to one month or with fine which may extend to one hundred rupees, or with both.

The Bengal Suppression of Immoral Traffic Act, 1933.

(Sections 8—11.)

(2) Notwithstanding anything contained in section 65 of the Indian Penal Code, imprisonment in default of fine imposed under sub-section (1) may extend to one month. Act XLV of 1860.

Punishment for living on the earnings of prostitution.

8. (1) Any person over the age of eighteen years who knowingly lives, wholly or in part, on the earnings of the prostitution of another person, shall be punished with imprisonment of either description for a term which may extend to three years, or with fine which may extend to one thousand rupees or with both, and, if a male person, shall also be liable to whipping.

(2) Where a person is proved to be living with, or to be habitually in the company of a prostitute, or to have exercised control, direction or influence over the movements of a prostitute, in such a manner as to show that he is aiding, abetting or compelling her prostitution, it shall be presumed, until the contrary is proved, that he is living on the earnings of prostitution:

Provided that the mother, or a son or daughter, of a prostitute shall not be punished under this section for living on the earnings of such prostitute unless the Court is satisfied that such mother, son or daughter is aiding, abetting or compelling her prostitution.

Procuration.

9. (1) Any person who induces a female to go from any place with intent that she may, for the purposes of prostitution, become the inmate of, or frequent a brothel, shall be punished with imprisonment of either description for a term which may extend to three years, or with fine which may extend to one thousand rupees, or with both, and, if a male person, shall also be liable to whipping.

(2) An offence under this section shall be triable in the place from which the female was induced to go, or in any place to which she may have gone as a result of such inducement.

Punishment for importing a female for prostitution.

10. (1) Any person who brings or attempts to bring or causes to be brought into any place in which this Act is in force any female with a view to her earning hire, or being brought up to earn hire as a prostitute, shall be punished with imprisonment of either description for a term which may extend to three years, or with fine which may extend to one thousand rupees, or with both, and, if a male person, shall also be liable to whipping

(2) An offence under this section may be tried in any place to which the female is brought or caused to be brought, or in which an attempt to bring her is made, or in any place from which she is brought or caused to be brought, or from which an attempt to bring her is made.

Punishment for detention as prostitute or in brothels, etc.

11. Any person who detains—

(a) any female under the age of eighteen years, against her will in any house, room or place in which prostitution is carried on, or

(b) any female against her will in or upon any premises with intent that she may have sexual intercourse with any man other than her lawful husband, whether with any particular man or generally,

shall be punished with imprisonment of either description for a term which may extend to three years, or with fine which may extend to one thousand rupees or with both.

The Bengal Suppression of Immoral Traffic Act, 1933.

(Sections 12—16.)

Punishment for causing or encouraging or abetting seduction or prostitution of girl.

12. If any person having the custody, charge or care of any girl under the age of eighteen years causes or encourages or abets the seduction or prostitution of that girl, he shall be punished with imprisonment of either description for a term which may extend to two years or with fine which may extend to one thousand rupees or with both, and, if a male person, shall also be liable to whipping.

Removal of minor girls from premises in certain cases.

13. The Commissioner of Police, Superintendent of Police, or a police officer not below the rank of a sub-inspector specially authorised in writing in this behalf by the Commissioner of Police or Superintendent of Police, may enter any premises if he has reason to believe—

(*a*) that an offence punishable under section 4 has been committed or is being committed in respect of the premises ; or

(*b*) that a female in respect of whom an offence punishable under section 8, 9, 10, 11 or 12 has been committed is to be found therein ;

and may remove any girl who appears to him to be under the age of eighteen years, if he is satisfied—

(*a*) that an offence punishable under section 4 has been or is being committed in respect of the premises : or

(*b*) that an offence punishable under section 8, 9, 10, 11 or 12 has been committed in respect of the girl.

Disposal of minor girls removed from premises under section 13.

14. (*1*) A girl who has been removed from any premises under section 13 and who appears to be under the age of sixteen years shall be brought before a Juvenile Court as defined in clause (*3a*) of section 3 of the Bengal Children Act, 1922, having jurisdiction over the place where the premises are situated. The Court shall make such inquiry as it thinks fit and, if satisfied that the girl is under the age of sixteen years and that she should be dealt with as hereinafter provided, may pass an order that she be placed in suitable custody in the prescribed manner until she attains the age of eighteen years or for any shorter period, or make her over to the care of a suitable person under such conditions as may be prescribed and may in addition make an order that she be placed under the supervision of a person to be named by the Court.

Ben. Act II of 1922.

(*2*) Where a girl has been removed from any premises under section 13 and there is no Juvenile Court having jurisdiction over the place where the premises are situated or the girl appears to be above the age of sixteen years, she shall be brought before a Magistrate of the first class having jurisdiction over such place. The Magistrate shall make such inquiry as he thinks fit and, if satisfied that the girl is under the age of eighteen years and that she should be dealt with as hereinafter provided, may pass an order that she be placed in suitable custody in the prescribed manner until she attains the age of eighteen years or for any shorter period, or make her over to the care of a suitable person under such conditions as may be prescribed and may in addition make an order that she be placed under the supervision of a person to be named by the Magistrate.

Validity of determination of age by Juvenile Court or Magistrate.

15. No order made by a Juvenile Court or a Magistrate under section 14 shall be invalidated by any subsequent proof that the age of the girl has not been correctly determined by the Court or the Magistrate.

Power to call for record.

16. Where any girl is produced before a Juvenile Court or a Magistrate under section 14 and any person has been tried by any Court on a charge under section 8, 9, 10, 11 or 12 in respect of such girl or under section 4 in respect of the premises

The Bengal Suppression of Immoral Traffic Act, 1933.

(Sections 17—21.)

from which she has been removed, the record of such trial may be called for by the Juvenile Court or the Magistrate and the record of evidence given in such trial may be used by such Juvenile Court or Magistrate for the purposes of the inquiry under section 14, as if recorded by such Court or Magistrate respectively.

Nothing in this section shall prevent any Juvenile Court or Magistrate hearing and recording the evidence of any witness if such Court or Magistrate thinks fit.

Intermediate custody of girls removed from premises under section 13.

17. (*1*) When a girl has been removed from any premises under the provisions of section 13, the officer carrying out the removal shall, until such girl can be brought before a Juvenile Court or Magistrate of the first class, cause her to be detained in such place as may be prescribed in this behalf by the Local Government.

(*2*) When such girl is produced, the Juvenile Court or the Magistrate, as the case may be, may order her to be detained until the disposal of her case in such place as may be prescribed in this behalf by the Local Government, or may make her over to the care of a suitable person and may order such person to execute a bond for her production.

Contribution of parent.

18. (*1*) When an order has been passed by a Juvenile Court or a Magistrate under section 14 for the custody of a girl, such Court or Magistrate may order the parent or other person liable to maintain the girl to contribute to her maintenance, if able to do so, in the prescribed manner.

(*2*) The Court or Magistrate, before making an order under sub-section (*1*), shall inquire into the circumstances of the parent or other person liable to maintain the girl and shall record the evidence, if any, in the presence of the parent or such other person, as the case may be, if he appears, or, when his personal attendance is dispensed with, in the presence of his pleader.

(*3*) Any order made under this section may be enforced in the same manner as an order under section 488 of the Code of Criminal Procedure, 1898. Act V of 1898.

Authority of persons having custody of girl.

19. Notwithstanding anything contained in any other law, any person to whose custody a girl is committed by an order made under section 14 shall, while the order is in force, have the like control over the girl as if he were her parent and shall be responsible for her maintenance and protection and the girl shall continue in his custody notwithstanding that she is claimed by her parent or any other person.

Inspection of institutions where girls are kept.

20. The Local Government may cause any institution in which any girl is kept for the time being in pursuance of an order made under section 14 and which is supported wholly or partly by voluntary contributions, and is not liable to be inspected by or under the authority of the Government to be visited and inspected from time to time by persons appointed by the Local Government for the purpose.

Appeal from orders by Juvenile Court or Magistrate.

21. An appeal shall lie from any order passed under section 14 or section 18 by a Juvenile Court or by a Magistrate—

(*a*) if the Juvenile Court or the Court of the Magistrate is situated within the limits of the jurisdiction of the Chief Presidency Magistrate, to the Chief Presidency Magistrate ; and

(*b*) in any other case, to the District Magistrate of the district within which such Juvenile Court or the Court of such Magistrate is situated.

The Bengal Suppression of Immoral Traffic, Act 1933.

(Sections 22—27.)

Arrest without warrant for solicitation.

22. Any police officer may, at the instance of any person aggrieved, arrest without warrant any person who, in his sight and in a public place, solicits any person for the purposes of prostitution to the annoyance of the person solicited or of two or more inhabitants of the locality or passers-by, if the name and address of the person soliciting be unknown to him and cannot be ascertained by him then and there.

Offences triable only by Presidency or First Class Magistrates.

23. Notwithstanding anything contained in Schedule II to the Criminal Procedure Code, 1898, no Magistrate other than a Presidency Magistrate or Magistrate of the first class shall try any offence punishable under section 4, 5, 6, or 12. Act V of 1898.

Bonds.

24. The provisions of Chapter XLII of the Code of Criminal Procedure, 1898, shall apply to bonds taken under this Act, or under the rules made under section 27.

Notices.

25. Whenever a notice or copy of an order may be served under the provisions of this Act, such service shall be made in the manner provided for the service of a summons in the Code of Criminal Procedure, 1898, provided that if service is to be made under the provisions of section 71 of that Code, and it is not known where the person on whom such notice or the copy of such order is to be served ordinarily resides, the serving officer shall affix one of the duplicates of such notice or such copy of such order to some conspicuous part of the premises to which such notice or order relates.

Limitation of actions.

26. The provisions of section 99 of the Calcutta Police Act, 1866, shall apply to all actions and prosecutions against any person which may be lawfully brought for anything done or intended to be done, under the provisions of this Act in the town of Calcutta, as defined in the said Act; and the provisions of section 42 and section 43 of the Police Act, 1861, shall apply to all actions and prosecutions for anything done or intended to be done under the provisions of this Act elsewhere. Ben. Act IV of 1866. V of 1861.

Rules.

27. (*1*) The Local Government may subject to the condition of previous publication make rules for carrying out the purposes of this Act.

(*2*) In particular, and without prejudice to the generality of the foregoing power, the Local Government may make rules—

(*a*) prescribing the fee to be paid for inspection of a register maintained under sub-section (7) of section 6 ;

(*b*) prescribing the manner in which girls may be placed in suitable custody under sub-section (*1*) and sub-section (*2*) of section 14 and the places in which they may be kept, and providing for the care, treatment, instruction, maintenance, and supervision of such girls ;

(*c*) prescribing the conditions under which girls may be made over to the care of a suitable person under sub-section (*1*) and sub-section (*2*) of section 14 ;

(*d*) prescribing the places in which girls may be detained under the provisions of sub-section (*1*) and sub-section (*2*) of section 17 ;

(*e*) prescribing the manner in which the managers of any institution prescribed as suitable custody may board out or license any girl placed in such custody under section 14, and providing for the supervision of such girls when boarded out or licensed ;

The Bengal Suppression of Immoral Traffic Act, 1933.

(*Section 27.*)

(*f*) providing for bonds to be taken from persons with whom such girls are boarded out, or who take them on license ;

(*g*) providing for bonds to be taken by a Juvenile Court or by a Magistrate when making such girls over to suitable custody, not being the custody of a notified institution, and for the form of such bonds, and the conditions to be contained therein, and for cancelling such bonds, and for making further provisions for the suitable custody of such girls on forfeiture of such bonds ;

(*h*) regulating the contribution by parents and other persons liable to maintain girls placed in suitable custody.

Calcutta, the 16th June 1933.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 15th June 1933.

Monthly Weather and Crop Report of Bengal for May 1933.

I. **Character of the season.**—During the month under review, the rainfall was above the normal throughout the Presidency, except in nine districts and the Cooch Behar and Tripura States, where the fall was below the average. The usual rainfall statement is appended.

II. **Progress of agricultural operations.**—Sowing of jute and autumn paddy was completed in East and North Bengal, while elsewhere the operation was in progress. Weeding of autumn crops was proceeding in East and North Bengal.

III. **State of standing crops.**—The condition of standing crops was, on the whole, satisfactory.

IV. **Prospects and probable outturn.**—The prospects of deep-water paddy and other standing crops were reported to be fairly favourable.

V. **Damage to standing crops.**—Some damage was done to standing crops in places by insect-pests.

VI. **Condition of agricultural stock.**—The condition of live-stock was, on the whole, fair. Stray cases of cattle-disease, however, were reported from eleven districts of the Presidency and from the Tripura State.

VII. **Failure of pasturage and fodder.**—Insufficiency of fodder was reported from Murshidabad and Chittagong.

VIII. **Price of food-grains.**—During the second fortnight of the month, the retail prices of common rice of the cheapest quality rose in twelve districts, fell in two and remained stationary in the rest of the Presidency. The prices ranged from 17 seers per rupee in Midnapore and Malda to 11½ seers per rupee in Darjeeling.

IX. **Condition of agricultural population.**—The condition of agricultural population is, on the whole, fair, except in parts of Murshidabad, where distress has begun from the latter part of the month.

G. P. HECTOR,

Director of Agriculture, Bengal.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 14th June 1933.

Summary.—Excepting heavy showers in places the rainfall was generally light to moderate. Preparation of lands for and sowing of winter paddy in seed-beds continue favourably. Sowings of jute and autumn paddy are almost over; weeding is in brisk progress. Prospects of standing crops are, on the whole, satisfactory. Distress prevails in parts of Murshidabad where 9,747 persons attended the test relief works during the week ending on the 10th June 1933. Gratuitous relief was also given to 154 persons. The average price of common rice for the province has risen by about 2·47 per cent. as compared with that of the previous week.

Resolution on the report on work connected with the Bengal Children Act, 1922, the Calcutta Suppression of Immoral Traffic Act, 1923, the Reformatory Schools Act, 1897, and the Bengal Borstal Schools Act, 1928.

GOVERNMENT OF BENGAL.

Education Department.

Miscellaneous.

DARJEELING, THE 14TH JUNE 1933.

RESOLUTION—No. 870 T. Mis.

Read—

The following report on work connected with the Bengal Children Act, 1922, the Calcutta Suppression of Immoral Traffic Act, 1923, the Reformatory Schools Act, 1897, and the Bengal Borstal Schools Act, 1928.

The Governor in Council desires once more to place on record his high appreciation of the public service rendered by the various non-official bodies mentioned in the report in connection with the working of these Acts. Owing to the economic distress which prevailed throughout the year, they did not receive the same measure of public support as in previous years and they had, in consequence, to curtail their activities; it was, therefore, a matter of all the greater regret to the Government of Bengal that they should have been compelled to reduce the amount of their own grants. It is hoped, however, that, recognising the valuable work which these organisations have undertaken and the need for the maintenance and expansion of their activities, the public will make a special effort to increase their support in these times of difficulty.

Order.—Ordered that copies of the resolution be forwarded to the Director of Public Instruction, Bengal, the Commissioner of Police, Calcutta, the Inspector-General of Police, Bengal, and the Inspector-General of Prisons, Bengal, for information.

Ordered also that the resolution, together with the report, be published in the *Calcutta Gazette.*

By order of the Governor in Council,

H. R. WILKINSON,

Secy. to the Govt. of Bengal.

Report in connection with activities dealt with by the Education Department of Government relating to the Bengal Children Act, 1922, the Calcutta Suppression of Immoral Traffic Act, 1923, the Bengal Borstal Schools Act, 1928, and the Reformatory Schools Act, 1897, for the year 1932.

1. The Education Department of the Government of Bengal, deals with the following among other matters:—

(*a*) **Bengal Children Act.**—Administration of this Act relating only to matters subsequent to the Court's final order sending a child to a Reformatory or Industrial School or placing a child in suitable custody.

(*b*) **Calcutta Suppression of Immoral Traffic Act.**—Administration of this Act relating only to matters subsequent to the passing by the Court of a final order of suitable custody.

(*c*) **Reformatory Schools Act.**—Administration of this Act in respect only of releases and the after-care of boys.

(*d*) **Bengal Borstal Schools Act.**—Administration of this Act in respect only of the after-care of those released.

The Bengal Children Act, extends only to the town of Calcutta, the suburbs and the port of Calcutta, the municipality of Howrah, the police-stations of Bally, Jagacha, Sankrail and Domjur in the district of Howrah and the police-stations of Baranagar, Barrackpore, Titta-garh, Noapara, Khardaha, Naihati and Jagatdal in the district of the 24-Parganas. The following sections of the Act have not yet been brought into force anywhere:—

Section 27 (*1*) (*i*) (*ii*) (*iii*) (*a*) (*b*) (*c*) (*d*) (*e*) and (*f*).
Section 27 (*2*) (*a*) (*b*) (*c*) (*d*) and (*f*).
Section 28 (*2*).

The Calcutta Suppression of Immoral Traffic Act extends to the town, the suburbs, and the port of Calcutta.

The Reformatory Schools Act applies only to that part of the province to which the Bengal Children Act has not been extended. Boy offenders dealt with by Courts in the Children Act area are sent to the Reformatory and Industrial Schools at Alipore and those from outside this area to the Reformatory School at Hazaribagh in the province of Bihar and Orissa under the provisions of the Reformatory Schools Act, 1897.

2. During the year under report 196 children were dealt with by the Central Juvenile Court, Calcutta, 17 under the Bengal Children Act, 40 under the Suppression of Immoral Traffic Act and the rest under the Indian Penal Code, Criminal Procedure Code and other Acts.

Sixty-seven of these children were sent by the Court to a school or other place of custody, being distributed as follows:—

Reformatory School, Alipore ...	28
Industrial School, Alipore ...	8
Salvation Army Home, Entally ...	11
Govinda Kumar Home, Panihati ...	15
Society for the Protection of Children in India	5

The remainder were discharged or acquitted or were made over to their guardians.

3. The Reformatory and Industrial Schools for boys at Alipore are maintained by Government, while the Salvation Army Women's Industrial Home at Entally, provides the Reformatory School for girls. The following have been notified as places of suitable custody under section 28 (*1*) of the Bengal Children Act:—

(*a*) The Gobinda Kumar Home, Panihati.
(*b*) The Salvation Army Women's Industrial Home, Entally.
(*c*) The Calcutta Protestant Home, commonly called the Fendall Home.
(*d*) The Society for the Protection of Children in India.

4. **Controlling Agencies**—The Director of Public Instruction, Bengal, continued to work as the Chief Inspector of Reformatory and Industrial Schools, and Mr. A. Macdonald and Mr. J. M. Sen as Assistant Inspectors. The Inspectress of Schools, Presidency and Burdwan Divisions, was Assistant Inspector of Reformatory and Industrial Schools for Girls.

The two ladies, who were appointed to inspect places of suitable custody recognised by Government as eligible for grants, continued to serve in that capacity.

5. **Administration.**—The following is a brief summary of the activities of the various institutions working under these Acts:—

(*1*) **Reformatory and Industrial Schools (for boys), Alipore.**—These schools, which have been established by Government under section 6(*1*) of the Bengal Children Act, are under the general administrative control of the Director of Public Instruction, Bengal, while their immediate management is in the hands of the Superintendent and a Managing Committee appointed by Government under section 7(*1*) of the Act.

The combined institutions have accommodation for 350 boys and the entire cost is met from Provincial Revenues.

On the 31st December 1932, the number of boys in the Reformatory School was 153 against 193 and 207 on the same date in 1931 and 1930, respectively, and in the Industrial School 46 against 43 in 1931 and 38 in 1930. The total number in the two schools, therefore, decreased from 245 in 1930 to 236 in 1931 and 199 in 1932; this decrease is attributed to the development of the probation system by the Magistrate of the Juvenile Court.

The number of fresh admissions during 1932 was 42, 31 in the Reformatory and 11 in the Industrial School. Thirty-nine of these boys were dealt with on a charge of theft, the other three for cheating, house trespass and house-breaking by night.

There was one Anglo-Indian in the school, otherwise all were Indians, 113 being Hindus, 74 Moslems and 11 Christians. The number of Bengali-speaking boys decreased from 81 to 63, and of Hindi-speaking boys from 99 to 72, while there was an increase in the number of Urdu-speaking boys from 54 to 63. Of the 199 boys in the two schools only 66 belonged properly to Bengal; the remainder were from other provinces, either being domiciled in Bengal or having come there temporarily: the great majority were from Bihar and Orissa and the United Provinces.

Sixtey-five boys were released from the Reformatory School and 7 from the Industrial School on the expiry of their terms, and the Bengal After-care Association for Juveniles and Adolescents took charge of them. Four boys in all were licensed out.

Two boys escaped from the Reformatory School, but one of them was subsequently re-captured. Apart from this, there was no serious breach of discipline in the schools and the general standard of behaviour was good.

Primary education is imparted up to class V and the boys also receive training in tinsmithy, blacksmithy, tailoring, carpentry and weaving. The results of the annual examinations were good.

Magic lantern and cinema shows were arranged nearly every month by the Y. M. C. A., Bhowanipur, and the boys were taken on different occasions to see the Zoological Gardens, the Victoria Memorial, the Eden Gardens and the Proclamation Parade. The teachers gave the boys regular moral instruction once a week.

The boys took part in regular games and physical exercises, and gymnastics and drill were included in the daily curriculum.

During the year under report as many as 123 boys were attacked with Beri-Beri, but fortunately there were no deaths. The diet prescribed in 1929 was found to be lacking in the requisite properties. Government immediately sanctioned a revised scale of diet and the disease completely disappeared in the course of two months.

The total expenditure on the schools in 1932 was Rs. 43,147 and the average cost of maintaining and educating each pupil was Rs. 191 per annum. The value of the articles manufactured in the schools amounted to Rs. 3,210.

(*2*) **Gobinda Kumar Home, Panihati.**—This home is intended for the reception of Indian girls dealt with under the Calcutta Suppression of Immoral Traffic Act and the Bengal Children Act.

The capacity of the home is 95 girls.

In 1932, there were 79 girls, all Hindus, varying from 3 to 14 years of age as against 88 in 1931; 69 of them were Bengalis. Three of them were admitted in 1925, 6 in 1927, 12 in 1928, 12 in 1929, 16 in 1930, 16 in 1931 and 14 in 1932. All of them were dealt with under the provisions of the Calcutta Suppression of Immoral Traffic Act, except 10, who had been sent to the Home under the Bengal Children Act.

There is a primary school attached to the home with class III as the highest class.

In addition to doing all the house work, the girls were taught needle-work, cane-work, weaving and chutney making. They have also been taught to take an interst in the garden and to do drill and play group games in their leisure time.

The health of the girls was good on the whole and their conduct was satisfactory.

The income of the home during the year consisted of Rs. 848 received as interest on investment, Rs. 9,297 from Government as capitation grants and Rs. 4,394 in donations and subscriptions, or a total of Rs. 14,539, against an expenditure of Rs. 13,863. The average cost of maintaining a girl was about Rs. 15-8 per mensem, as against Rs. 20 in the previous year, of this Rs. 10 was covered by the Government capitation grant and the balance met from private sources.

(3) **Salvation Army Women's Industrial Home for Girls, Entally.**—This home is also for Indian girls dealt with under the two Acts. Its capacity is 75 girls. During 1932 average number of girls in the home was 57. On the 31st December 1932, there were 31 girls in the home, who had been sent there by the Juvenile Court. Of these, 11 were sent in 1932 and 20 in the previous years. Six girls were also sent by the police for intermediate custody. The other cases received in the home in 1932 numbered 14.

Of the 11 girls admitted in 1932, 8 were Hindus and 3 Muhammadans. Seven of them belonged to Bengal, two to the United Provinces, and one each to the Punjab and Bihar and Orissa. They were all girls who had been rescued from houses of ill-fame; 8 of them were dealt with under section 4 of the Calcutta Suppression of Immoral Traffic Act, 2 under section 27(2)E and 1 under section 30 of the Bengal Children Act.

Their educational progress in the home was fair and they were also taught sewing and mat-making The state of health was good.

The home received a maintenance grant of Rs. 1,200 from Government in addition to Rs. 3,664 on account of capitation grants for girls sent there by the Court and Rs. 233 on account of the girls sent by the police.

The total cost of the home for the year 1932 was Rs. 11,068 and the cost of maintaining each girl was about Rs. 16 per mensem.

(4) **Calcutta Protestant Home (Fendall Home).**—The Fendall Home is a rescue home for European and Anglo-Indian women and girls, who are trained in various branches of needle-work, in the care of infants. cooking and in typing according to their capabilities. The home derives a considerable part of its income from the sale of the girls' needle-work.

The capacity of the home is 34 girls and 10 babies and is always full; in November and December there were actually 36 and 37 girls in residence; 105 girls and 20 babies passed through the home in 1932. The age of the girls admitted was from 14 to 16 years.

Forty-two girls left the home during the year 1932. Of them 4 were married, 14 were provided with new situations, 2 returned to previous werk, 15 returned to their relatives, 5 were sent to boarding schools and 2 to a sanitarium.

No girls dealt with under the Bengal Children Act or the Immoral Traffic Act were sent to the home during the year. The home received a maintenance grant of Rs. 960 from Government and its income from subscriptions and donaitons amounted to nearly Rs. 9,000.

(5) **Society for the Protection of Children in India.**—The society renders assistance to children taken under its protection by arranging for their guardianship, by placing them in suitable schools, and in various other ways. It dealt with 653 fresh cases in 1932 as against 737 in 1931. Of these 143 were Indians, 103 British, 363 Anglo-Indians, 12 Jews, 15 Armenians and 17 of other nationalities. The society placed 122 of these children in schools or institutions, handed 23 back to their guardians and undertook the protection or guardianship of 68. During the year 3 children were committed to the care of the society by the Court under the Immoral Traffic Act and 2 under the Children Act.

The society received a maintenance grant of Rs. 1,600 from Government in addition to Rs. 1,070 as capitation grants. The total expenditure of the society for 1932 was about Rs. 30,000, establishment and office expenses accounting for Rs. 14,935.

(6) **Hazaribagh Reformatory School.**—The Reformatory School at Hazaribagh under the control of the Government of Bihar and Orissa continued to receive youthful offenders of this province sent by Courts of the districts, to which the provisions of the Bengal Children Act have not been extended.

During the year under report 4 boys, who had been convicted by Courts in Bengal, were discharged, 3 under section 13(2) of the Reformatory Schools Act of 1897 on their attaining the age of 18 years and 1 under section 14(*a*) of the Act.

(7) **Bengal After-care Association for Juveniles and Adolescents.**—The Bengal After-care Association for Juveniles and Adolescents was formed in Calcutta in 1928 to find employment for boys released from the Borstal and Reformatory Schools, to prevent them from relapsing into crime, and generally to help them to become useful citizens. The association continued to work on these lines. They continued to occupy the building in the Army Clothing Factory, which they used as their office and hostel. The hostel had a whole-time paid Superintendent.

Two-hundred and four boys were admitted to the hostel in 1931 and 248 in 1932. Of these 248 boys, 177 were received from the Borstal School, Bankura, the Reformatory and Industrial Schools, Alipore, and the Reformatory School, Hazaribagh, 69 from prisons and 2 from the Chief Presidency Magistrate's Court.

The number of boys admitted to the hostel on their release on licence from the Borstal School, Bankura, was 47 in 1931 and 80 in 1932.

There was no serious breach of discipline in the hostel.

The inmates were taught biri-making and tinsmithy. Regular games were played in the afternoon. The general health of the inmates was good and no case of serious illness occurred in the hostel.

The association is endeavouring to improve their system of report on the after career of boys discharged from the hostel.

The association received a maintenance grant of Rs. 2,400 from Government in 1932.

During the year there were ten district After-care Associations in the province, viz.—

Dacca.	Bakarganj
Mymensingh.	Birbhum.
Tippera.	Dinajpur.
Chittagong.	Midnapore.
Bankura.	Murshidabad.

The conditions under which the After-care Association and the District Associations have to work present very considerable obstacles to the expansion of their activities, but it is hoped that those difficulties are being gradually overcome and that they will be able to develop their useful work.

1. When the payee requires payment on a voucher to be made through some messenger, he must endorse an order to pay to that specified person. The proper form of endorsement should be "pay so and so." Re-endorsing a bill is not in order. The signature of the messenger or his thumb impression, if illiterate, should be taken on the voucher as a proof that the messenger actually received the money on behalf of the payee.

NOTE.—In the case of interest payment orders and other similar non-negotiable instruments drawn on a treasury and passed by the treasury for payment at the Imperial Bank of India, payment may be made to messengers who can be identified, provided the Bank has specimens of the payees' signatures recorded with it.

Pages 168 to 173—F. R. Appendix 2.—*Substitute* the following for F. R. Appendix 2:—

Rules for the supply of articles required to be purchased for the public service.

Preamble.—The policy of the Government of Bengal is to make their purchases of stores for the public service in such a way as to encourage the development of the industries of the country to the utmost possible extent consistent with economy and efficiency, and the following rules, which are applicable to the purchase of stores (other than printing and stationery stores) for the departments under the Government of Bengal are prescribed in accordance with this policy. These rules supersede all previous orders on the subject.

In order to give effect to the above policy preference in making purchases will be given in the following order:—

First, to articles which are produced in India in the form of raw materials, or are manufactured in India from raw materials produced in India, provided that the quality is sufficiently good for the purpose;

Secondly, to articles wholly or partially manufactured in India from imported materials, provided that the quality is sufficiently good for the purpose;

Thirdly, to articles of foreign manufacture held in stock in India, provided that they are of suitable type and requisite quality;

Fourthly, to articles manufactured abroad which need to be specially imported.

Departments of the Government of Bengal, or officers specially authorised in this behalf, may, when they are satisfied that such a measure is justified, allow a limited degree of preference in respect of price to articles produced or manufactured in Bengal or alternatively elsewhere in India either wholly or in part.

Rule 1.—Save as provided in rule 7, all articles required to be purchased for the public service shall be purchased on the condition that delivery shall be made in India, for payment in rupees in India.

Rule 2.—Tenders shall be invited in India, and abroad also when considered desirable, for the supply of all articles which are purchased under rules 1 to 4, wherever the value of the order to be placed is Rs. 250 or more unless there are sufficient reasons to be recorded which indicate that it is not in the public interest to call for tenders. No tender which fails to comply with the condition as to delivery and payment prescribed in rule 1 shall be accepted.

In cases where the tender which is prima facie the most economical is not accepted, the reason for its non-acceptance should be recorded.

NOTE.—The principles regarding contracts and tenders are enunciated in revised rule 40A of the Bengal Financial Rules and should be followed strictly in all cases of contracts and tenders. (Finance Department notification No. 1568F., dated the 10th April 1930.)

Rule 3.—All articles, whether manufactured in India or abroad, shall be subject to inspection before acceptance, and articles for which specifications and/or tests have been prescribed by Government shall be required to conform to such specifications and/or to satisfy the prescribed test or tests which may be carried out during manufacture or before or after despatch from the suppliers' premises.

NOTE.—Copies of the lists of specifications and tests may be obtained direct from the Chief Controller of Stores, Indian Stores Department. The Government of Bengal have adopted these specifications and tests for general use.

Rule 4.—Important plant, machinery and iron and steel work, when obtained in India, shall be obtained only from firms approved by the Chief Controller of Stores, Indian Stores Department, and specified in the lists issued by him from time to time.

Rule 5.—In the case of important construction works let out on contract, articles required for the construction of such works may be supplied by the contracting firm, provided that when specifications and/or tests have been prescribed for such articles they shall conform to such specifications and/or shall satisfy such tests.

Rule 6.—Nothing in these rules shall be deemed to prohibit the purchase of stores by one department from another.

NOTE.—All articles manufactured in jails as mentioned in the catalogue to be issued annually must ordinarily be obtained from the jails and may only be purchased from private firms if the cost of buying articles in this way is materially less than that of obtaining them from the jails after taking cost of transport into account.

Rule 7.—The articles enumerated in Annexure A, or any other articles of a special or unusual character, may, when suitable and economical purchases cannot be made in accordance with the preceding rules, be obtained without reference to those rules subject to the following conditions:—

(a) Where the value of the purchase exceeds Rs. 5,000, the purchasing officer shall place on record his reasons for not effecting the purchase in accordance with the preceding rules.

(b) The purchasing officer may, at his discretion, either obtain the article that he requires by indent on the India Store Department, London, or purchase it direct from manufacturers or dealers abroad. When resort is had to direct purchase from manufacturers or dealers abroad, tenders shall, whenever practicable, be first obtained.

(c) When articles are purchased abroad under this rule through the agency of the India Store Department, London, payment shall be made by that department. In other cases payment shall be made—

(i) in countries other than Great Britain and Northern Ireland, direct to the suppliers by the purchasing officer;

(ii) in Great Britain and Northern Ireland, through the High Commissioner for India.

NOTE.—Payment for stores purchased under this rule in countries other than the United Kingdom should be made direct to the suppliers by the purchasing officers. In the case of stores purchased in the United Kingdom, the payment should be made in the following way:—

(a) Payments for all purchases ordered through the High Commissioner will be made by him and the charges adjusted in the Home accounts.

(b) Payments for articles obtained by a direct order from private firms and individuals can be made only through the High Commissioner for India. The officer desiring such a payment should, as soon as all the formalities necessary in connection with the receipts, inspection and verification of articles have been completed, forward the firm's bills in original to his accounts officer for audit and payment. Particular care should be taken to ensure that no double payment is authorised in respect of the same claim.

The accounts officer, when making remittance to the High Commissioner, should also endorse a copy of his communication to the officer concerned in India. Special care should be exercised by the purchasing officer in differentiating the articles purchased through the agency of the Director General of Stores, India Store Department, London, from those merely delivered to or shipped through his agency. In the former case the payment cannot be made from India; whereas in the latter case the procedure prescribed above should be observed.

Copies of all indents from abroad should be sent direct to the Chief Controller of Stores, Indian Stores Department, and the Director of Industries, Bengal, either before despatch or simultaneously with their despatch for scrutiny in order that he may suggest means of obtaining the articles locally, if possible.

NOTE.—This rule does not extend the financial powers of officers to make purchases of any kind as laid down in paragraphs 116 and 116(A) of the Bengal Audit Manual.

Annexure A.

(i) Seeds.

(ii) Cinchona Bark.

(iii) Articles for experimental purposes.

(iv) China glass, cutlery, plate, crockery and perishable fabrics, including linen for residences which are furnished by Government.

(v) Copper, zinc and other non-ferrous metals produced in Australia or America.

(vi) Timber produced in Australia or North America including the British territory.

(vii) Such articles as the Superintendent of Vaccine Depots may require for the preparation of vaccine lymph.

(viii) Chemicals and scientific instruments.

(ix) Preserved and tinned foodstuffs.

(x) Articles required for the residences of the Governor of Bengal.

N.B.—In the case of those departments in which no specific rules have been laid down defining the powers of the spending authorities in respect of "Live Stock," the stores rules will apply for purposes of purchases and writes off of "Live Stock" unless anything is said in a rule to the contrary or unless the inclusion of "Live Stock" in "stores" is repugnant to the context of the rule. It follows from the above that rule 326 of the Bengal Financial Rules applies to cases of writing off the value of "Live Stock" in the case of departments referred to above.

Krishnagar College—Session 1933-34.

Krishnagar, the 13th May 1933.

The College reopens on the 3rd July after the long vacation. Admission will commence immediately after the publication of the results in the *Calcutta Gazette*. The College teaches up to the B.A. and B.Sc. standard of the Calcutta University. It has got affiliation in the usual Arts and Science subjects and in Honours in English, Sanskrit and Mathematics. There is also a proposal for opening Honours Classes in Chemistry. The monthly tuition fee amounts to Rs. 6 for the I.A., Rs. 7 for the I.Sc. and B.A. and Rs. 8 for the B.Sc. Classes.

The College is situated in the midst of an extensive compound of over 100 bighas, containing a large number of play-grounds. There is provision for all out-door and indoor games. The College provides well-appointed Common Room and Reading Rooms for the use of the students who receive individual attention both in their studies and their games. Arrangements have been made to divide the boys into groups and place them under the effective and intimate guardianship of their teachers. There is a fine new two-storied Hindu hostel in the College compound, and hostel charges (including rent, furniture, light and medical attendance) do not exceed Rs. 14 a month. The boarders keep excellent health, and the general health in the town is also now quite good. There is also a Muhammadan hostel attached to the College.

A considerable number of Government and private free-studentships and stipends is awarded every year in August or September to poor, but deserving students of the College.

For Prospectus and Admission Form, apply, enclosing stamped and addressed envelope, to the Principal, Krishnagar College.

Female candidates are not required to undergo any Test Examination.

3. Each private student will pay a fee of Rs. 5 to the head of the institution in which he appears for the Test Examination. No private student will be admitted to the Test Examination unless he is accompanied for the purpose of identification by some person known to the headmaster of the institution in which he appears.

4. Application for permission to appear at the Test Examination must be sent in time in duplicate in the enclosed form so as to reach this office not later than the 15th November 1933.

N.B.—A student who failed to pass or appear at the annual examination for promotion to class X at the end of the session 1932 and then left the school can, under no circumstances, be allowed to appear at the Test Examination,

5. The Inspector on being satisfied will grant necessary permission and return the application, which will then be the candidate's passport for admission to the Test Examination.

6. Every candidate must deposit his fee for the Test Examination with the headmaster of the institution in which he intends to appear, at least 15 days before the date of that examination. The headmaster will deposit the amount realized by him into the local Treasury and forward a copy of the Treasury chalan to this office. He should also submit to this office an account of the charges incurred by him (including remuneration to examiners) for conducting the examination of private candidates, together with vouchers in support of the charges, on receipt of which the Director of Public Instruction will be moved to sanction the expenditure.

7. The headmasters of the institutions named in paragraph 2 above should direct private students who satisfy the test to appear before them in due time, with their applications for admission to the Matriculation Examination, and to sign them in their presence. They will then grant the necessary certificate and forward the applications to the Inspector for countersignature, after which they will be sent by the Inspector direct to the candidates.

8. In no circumstances should the fee for the Matriculation Examination be sent to the Inspector's office. It should be sent to the Controller of Examinations, Calcutta University, by the candidates themselves, together with the countersigned applications.

9. Private students must understand that the Test Examination of any school other than those named above will not be accepted by the Inspector.

10. The Matriculation Examination will be held in March 1934, the exact dates of which will be notified by the University.

11. Applications and fees for admission to the Matriculation Examination must reach the office of the Controller of Examinations on or before the date to be fixed by the University.

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 8th April, 1933:—

L. A. BILL NO. 34 OF 1933.

A Bill to provide for the imposition of additional duties of customs on imported goods for the purpose of safeguarding industries in British India.

WHEREAS it is expedient to provide for the imposition of additional duties of customs on imported goods for the purpose of safeguarding industries in British India; It is hereby enacted as follows:—

Short title, extent and duration.

1. (*1*) This Act may be called the Safeguarding of Industries Act, 1933.

(*2*) It extends to the whole of British India except Aden and Perim.

(*3*) It shall remain in force until the 31st day of March, 1935.

Power of Governor General in Council to impose duties of customs.

2. (*1*) If the Governor General in Council is satisfied, after such inquiry as he thinks necessary, that goods, the produce or manufacture of any country outside India, are being sold in or imported into British India, at such abnormally low prices that the existence of an industry established in British India is thereby endangered, he may, by notification in the Gazette of India, impose on any such goods a duty of customs of such amount as he considers necessary to safeguard the interests of the industry affected.

(2) The duties imposed under sub-section (1) shall be deemed to be duties leviable under the Indian Tariff Act, 1894, and shall be in addition to any duties imposed under that Act or any other law for the time being in force, but shall not be included in the total duty upon which any additional duty imposed by section 4 of the Indian Finance Act, 1931, or section 4 of the Indian Finance (Supplementary and Extending) Act, 1931, is calculated, or operate so as in any way to affect the amount of any additional duty so imposed. VIII of 1894.

Notification imposing duty of customs to be approved by Indian Legislature.

3. (1) Every notification issued under sub-section (1) of section 2 shall be laid before both Chambers of the Indian Legislature as soon as may be after it is made, and shall cease to have effect on the expiry of two months from the last date on which it has been so laid before either Chamber unless in the meantime it has been approved by a resolution of each Chamber.

(2) Notwithstanding anything contained in section 21 of the General Clauses Act, 1897, the provisions of sub-section (1) shall not apply to the exercise by the Governor General in Council of his powers under the said section of the said Act to add to, amend, vary or rescind any notification issued under sub-section (1) of section 2 of this Act unless such exercise has the effect of imposing a duty of customs not already imposed or of increasing a duty of customs already imposed by the original notification. X of 1897.

Power of Governor General in Council to make rules.

4. (1) The Governor General in Council may, by notification in the Gazette of India, make rules for the purpose of carrying into effect the provisions of this Act.

(2) In particular and without prejudice to the generality of the foregoing power such rules may prescribe the conditions subject to which any goods shall be deemed to be the produce or manufacture of a particular country for the purposes of this Act.

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to enable prompt action to be taken to meet any serious menace to Indian industries which may arise from special conditions in any country outside India resulting in the importation of its produce or manufactures into this country at prices which endanger Indian industries. It is, however, essential that such action should be subject to the endorsement of the Indian Legislature and provision is therefore made for submitting it for such approval as soon as possible after it is taken.

Report of the Garden Reach Committee appointed under section 3 of the Garden Reach Municipality Act, 1932.

CHAPTER I

Introductory. Scope of the Committee's functions. Boundaries of the new municipality. Division into wards and number of commissioners.

I. Introductory.

The Garden Reach Statutory Committee consisting of the following members was constituted under section 3 of the Garden Reach Municipality Act, 1932, by notification No. 171 T.M., dated the 28th May, 1932, published in the *Calcutta Gazette* of the 2nd June, 1932:—

(*a*) Members elected by the Corporation of Calcutta from among the aldermen and councillors, other than those representing the Garden Reach ward:—

Babu Phanindra Nath Brahma.
Babu Monmohan Mukherjee.

(*b*) Members representing the Garden Reach area nominated by the Local Government:—

Mr. Unsud Dowla, Bar.-at-law.
Babu Abinash Chandra Pal.

(*c*) Members nominated by the Local Government:—

Mr. H. J. Twynam, I.C.S.
The District Magistrate, 24-Parganas.
The Hon'ble Mr. B. K. Basu, C.I.E.

By the same notification, Mr. H. J. Twynam, I.C.S., Officiating Commissioner of the Presidency Division, was appointed to be the Chairman of the Committee. While Mr. Twynam officiated as Chief Secretary, Mr. J. D. V. Hodge, C.I.E., I.C.S., acted as Chairman; Mr. Twynam was again reappointed Chairman by notification No. 5471M., dated the 12th November, 1932, published in the *Calcutta Gazette* of the 17th November, 1932. The only other change in the personnel of the Committee, as originally constituted, was the appointment of Mr. G. S. G. Vernon in place of the District Magistrate, 24-Parganas, by notification No. 3878M., dated the 2nd September, 1932, published in the *Calcutta Gazette* of 8th September, 1932.

The Committee met nineteen times and the Chairman twice visited the Garden Reach area in order to acquaint himself with the locality. Three sub-committees were appointed to deal with the specific problems of (*i*) boundaries, (*ii*) water-supply and (*iii*) finances.

II. Scope of the Committee's functions.

The scope of the functions of the Committee is defined in section 3 (*b*) of the Garden Reach Municipality Act, 1932,* as "all matters incidental to the exclusion of the Garden Reach area from the limits of the Corporation of Calcutta and its constitution as a municipality under the Bengal Municipal Act, 1884." Without prejudice to the generality of the functions assigned to the Committee by section 3 (*1*) of the Act, the Committee were directed by section 6 to report on the following matters in particular, namely:—

(*a*) The adjustment of finances between the Corporation of Calcutta and the Garden Reach Municipality including the liability for the sums advanced under section 5 and the provision of initial funds for the said municipality.

(*b*) The terms on which liability for such portion of the loans raised by the Corporation of Calcutta as can be shown to have been incurred solely for the benefit of Garden Reach area shall be adjusted between the Corporation of Calcutta and the Garden Reach Municipality.

(*c*) The arrangements to be made for water-supply to the Garden Reach Municipality and the maximum rate which the Corporation of Calcutta may demand for water supplied by the Corporation having regard to the provisions of section 242 of the Calcutta Municipal Act, 1923.

(*d*) The liability of the Garden Reach Municipality in respect of such portions of contracts, other than the contracts solely affecting the Garden Reach area referred to in sub-section (*3*) of section 12 as may relate to the benefit of the Garden Reach area.

(*e*) The extent to and the conditions under which the Garden Reach Municipality shall continue in employment such staff of the Corporation of Calcutta as is employed by the Corporation in respect of the Garden Reach area, and the compensation, if any, to be paid by the Corporation to any employees discharged in consequence of the exclusion of the Garden Reach area.

(*f*) The apportionment of arrears due to the Corporation of Calcutta under the Calcutta Municipal Act, 1923, other than those on account

* Where the expression "the Act" is used in this report the Garden Reach Municipality Act, 1932, is meant.

of rates, taxes and fees, and of movable property between the Garden Reach Municipality and the Corporation of Calcutta.

Some members of the Committee doubted whether certain matters such as the division of the municipality into wards, the number of commissioners to be elected for each ward, etc., etc., fell within the purview of the Committee having regard to section 10 of the Act which directs that the Local Government shall pass orders in respect of these matters. The Committee, however, held that the functions assigned to it by section 3 of the Act were intended to be as wide as possible and that it was the duty of the Committee to advise Government on all matters incidental to the exclusion of the Garden Reach area and its constitution as a municipality, irrespective of the fact that the Act directs that the Local Government shall pass orders on certain matters.

Several representations have been made before the Committee by individuals, the employees of the Calcutta Corporation and the Garden Reach Ratepayers' Association and the Committee have considered these in the course of their proceedings.

III. Boundaries.

The first problem in connection with the boundaries of the proposed Garden Reach Municipality arose out of a minor discrepancy between the definition of "Garden Reach area" in section 2 (*1*) of the Act and the Schedule to the Act which amends Schedule 1 of the Calcutta Municipal Act, 1923, under which the limits of the Calcutta Municipality are defined. Under section 6 of the Schedule to the Garden Reach Municipality Act, 1932, the boundary of the Calcutta Municipality is defined anew with effect from the date when the Garden Reach Municipality is constituted under section 8 of the Garden Reach Municipality Act. The boundary of the Calcutta Municipality in this neighbourhood is defined as "thence eastward along the northern edge of Circular Garden Reach Road to the point where it meets the Port Commissioners' land above referred to." This definition is inconsistent with section 1 of the Schedule to the Act which includes within the area added to Calcutta the land which had been acquired prior to the commencement of the Garden Reach Municipality Act, 1932, by the Commissioners for the Port of Calcutta for the construction of King George's Dock and the works in connection therewith. The boundary of the land according to the existing boundary marks erected by the Port Commissioners runs along the southern edge of Circular Garden Reach Road in this locality and not along the northern edge as set forth in section 6 of the Schedule to the Garden Reach Municipality Act.

Further objections raised to the boundaries as laid down in the Act were that the Begum's Wakf property in the north-east corner of the

Garden Reach area and the Singerhatty Mosque would be excluded from the Garden Reach Municipality although they were not acquired by the Port Commissioners.

In view, however, of the modifications in the boundary recommended by the Committee, the difficulties abovementioned will not arise if Government accepts the recommendations of the Committee as regards the boundary of the Garden Reach Municipality.

The Committee, after very careful consideration of the actual position on the ground, have resolved to recommend to Government that the boundary line should be from the junction of the Paharpur Road and the new Taratala Road along the eastern edge of the latter road to its junction with the Circular Garden Reach Road; thence along the eastern edge of the Circular Garden Reach Road to its junction with the Garden Reach Road; then eastward along the northern edge of the latter road to its junction with the Port Commissioners' private road. From the latter point the boundary should be a straight line to the river Hooghly along the private road passing through the Port Commissioners' premises.

A glance at the map appended to this report will show that the proposed boundary has obvious advantages over the boundary as defined in the Schedule to the Act. The proposed boundary is clearly defined and free from any possibility of ambiguity or obliteration. The boundary as defined in the Schedule is irregular, indefinite and in some places imaginary. The Port Commissioners have sold parcels of their land where it adjoins the boundary in this area and have moved their boundary marks so as to demarcate the plots which they have sold. Consequently, if the Act is strictly followed some plots will be half in the Garden Reach Municipality and half in Calcutta. The Chairman of the Port Commissioners has been unofficially consulted and has no objection to offer to that part of our proposal which includes within the Garden Reach Municipality the Port Commissioners' land up to the junction of the Circular Garden Reach Road and New Taratala Road.

The Committee have given due consideration to the fact that any alteration in the boundary as laid down in the Act may possibly require an amendment of the Act. Having regard, however, to the provisions of section 20 of the Act which gives general authority to the Local Government to remove unforeseen difficulties the Committee are of opinion, subject to legal advice on this point, that the alterations in the boundary recommended by them may be adopted by Government, without an amendment of the Act. In any event, in view of the practical advantages of the boundary line as proposed by us and the fact that the boundary as now settled will probably remain the boundary for many years to come we are of opinion that the proposed line should be adopted even if legislation is necessary to give effect to

our proposals. The effect of our proposals, if adopted, will be that the North West Soap Factory will remain in Calcutta while the Calcutta Electric Supply Corporation (Southern) Generating House and a portion of the Port Commissioners' land will fall within the Garden Reach Municipality. We should, however, mention that the Calcutta Electric Supply Corporation have recorded a formal objection to the inclusion of their Southern Generating Station in the Garden Reach Municipality. Any legal difficulty as regards inclusion in Calcutta can be obviated by publishing a notification revising the boundaries of the Calcutta Municipality in exercise of the powers conferred by section 543 of the Calcutta Municipal Act, 1923, which provides for the inclusion of areas, in this case the North West Soap Factory, the Oudh Family burial grounds, and perhaps others, within Calcutta.

If our proposal is not accepted to make the eastern boundary of the Garden Reach Municipality from the junction of Garden Reach Road and Circular Garden Reach Road a straight line to the river Hooghly along the private road passing through the Port Commissioners' land we consider that the boundary, in any event, needs rectification along the Dhankheti Khal.

According to the Schedule to the Act, the boundary is to run "westward along the northern edge of Garden Reach Road to the point where it meets Prince Dilwarjah Lane; thence northward along the eastern edge of the Prince Dilwarjah Lane and the western boundary of the Port Commissioners' land above referred to to the point where it meets the river Hooghly."

The western boundary of the Port Commissioners' land adjacent to the Dhankheti Khal takes off from Garden Reach Road and runs northward along what is known as the Begum's Wakf property, thence along the northern boundary of that property to the eastern bank of the Dhankheti khal, thence for some distance southward of the khal to a point where it crosses the khal and thence along the western boundary of the khal to the river Hooghly.

We propose that the boundary should be along the northern edge of the Garden Reach Road to its junction with the south-eastern corner of the Begum's Wakf property, thence along the eastern and northern boundaries of the Wakf property and along the western boundary of the South Generating Station of the Calcutta Electric Supply Corporation to the river Hooghly.

The effect of this proposal will be that the Dhankheti Khal will fall within Garden Reach Municipality. Leaving aside the question of the responsibility for the maintenance of this khal—a question which may be considered by the newly formed Municipality after its

constitution—we consider that the Dhankheti Khal, which is immediately in front of the old Garden Reach Municipal Office (which will again presumably be the headquarters of the Garden Reach Municipality) must be within the jurisdiction of the Garden Reach Municipal Commissioners. They are directly interested in the proper maintenance of the khal and its exclusion from the limits of the Garden Reach Municipality would be obviously undesirable.

The inclusion of the Wakf property within Garden Reach Municipality according to our proposal is based chiefly on sentimental grounds. The palace of the Oudh Family is within Garden Reach and local feeling, as voiced by the Garden Reach Ratepayers' Association, demands likewise the inclusion of the Wakf property. This, however, will follow automatically if our main proposal for the straightening out of the boundary is given effect to. On similar grounds (and again in conformity with the suggestions of the Garden Reach Ratepayers' Association) we recommend that the Singerhatty Mosque which is situate just to the south of the Paharpur Road and east of the new Taratala Road be brought within the Garden Reach Municipality. We recommend that the boundary should be adjusted as shown in the plan attached to this report. If, however, the Government decides to adhere to the boundary as given in the Schedule to the Act the boundary line would be as shown in the map. But, in that case, the Committee would recommend that the Corporation of Calcutta should be under the obligation of maintaining the Dhankheti Khal, including the sluice gate, in proper order.

In brief, our proposals are as follows:—

(*i*) that the boundary should be straightened out by making it follow the new Taratala Road, the eastern edge of Circular Garden Reach Road, and proceed as shown in the map to the river Hooghly. This proposal involves the inclusion of the Calcutta Electric Supply Corporation's Southern Generating Station and some of the Port Commissioners' land in and the exclusion of the North West Soap Factory and other adjoining properties from Garden Reach.

(*ii*) If the above proposal is not approved in its entirety the boundary should in any event be along the eastern side of the new Taratala Road and thence along the Circular Garden Reach Road and as shown in the Schedule to the Act. This proposal involves the exclusion of the South Generating Station from and the inclusion of the Begum's Wakf property and North West Soap Factory in Garden Reach. With it is associated the proposal to include the Singerhatty Mosque in Garden Reach.

(*iii*) Whether the above proposals are approved or not, the Committee consider that the boundary must be rectified along the Dhankheti Khal as recommended in this report.

We have no other suggestions to make as regards the boundary except that the southern boundary of the Garden Reach Municipality should be notified as the northern boundaries of the mauzas Akra, Panchur, Makhalhati and Ramdashhati of police-station Metiazrub and mauza Jagannathnagar of police-station Maheshtola, as determined during the survey and settlement operations in the district of 24-Parganas and notified in notification No. 708T.R., dated the 24th June, 1931, published in the *Calcutta Gazette*, dated the 2nd July, 1931.

The Director of Land Records drew the attention of Government to discrepancies between the statutory and *de facto* southern boundary in this area from the village of Ramdashhati westerward up to the Hooghly as found in the course of the district survey and settlement operations and the *de facto* boundary was followed for the purposes of survey. It will be seen from the map that portions of these villages according to the revenue survey (the boundaries of the villages are shown by dotted lines in the map) have been either included in or excluded from Garden Reach according to the present boundary lines of those villages as surveyed during the district settlement operations which has been legally notified by notification No. 708T.R., dated the 24th June, 1931, above referred to. The variation of the boundaries of these villages from the revenue survey boundaries was necessitated by the fact that the northern boundaries of the villages as now shown represents the southern limits of the administrative jurisdiction of the Corporation of Calcutta and the boundaries of the villages were therefore fixed to fit in with the *de facto* boundary of the Corporation. In order, however, to legalise the *de facto* boundary, on the recommendation of the Goode Boundary Committee (appointed by the Government of Bengal in Local Self-Government Department resolution No. 205 T.M., dated the 29th September, 1930) a notification under section 543 of the Calcutta Municipal Act was published in draft (notification No. 326M., dated the 20th January, 1931). No further action on the notification was, however, taken, presumably in view of the passing of the Garden Reach Municipality Act, 1932. We have recommended that the southern boundary of the Garden Reach Municipality under section 8 of the Act should be as stated above. To obviate all legal and technical difficulties it is desirable that the boundary should be notified by the Local Government in exercise of the powers conferred by section 8 of the Garden Reach Municipality Act, 1932, and section 6 (*1*) (*a*) of the Bengal Municipal Act, 1932, and the procedure laid down in the latter Act for the constitution of a new municipality should be followed.

IV. Division into wards and number of commissioners.

Under section 10 of the Act the Local Government is to make such orders as it thinks fit in respect of the division of the municipality into wards, the number of commissioners to be elected for each ward and other matters. In this connection it has been argued that the reservation of authority to the Local Government in these matters excludes them from the scope of the Committee's consideration. We think, however, that the power conferred on the Committee by section 3 "to report on all matters incidental to the exclusion of the Garden Reach area from the limits of the Corporation of Calcutta and its constitution as a municipality under the Bengal Municipal Act" gives the widest possible range to the scope of the Committee's functions. In any event, it seems clear that the Government will be glad to have the considered views of the Committee on these questions, before fixing the number of commissioners under section 8 of the Act.

Our recommendation is that the new municipality shall be divided into five wards for general electorate constituencies and one industrial constituency and that the number of municipal commissioners shall be fixed at twenty. The map attached to this report shows the boundaries of the wards as proposed by us. We have considered a representation received from the Vice-President, Garden Reach Ratepayers' Association, recommending that the new municipality should be divided into eight wards and that the number of municipal commissioners should be fixed at twenty-six. As the maximum number of commissioners permissible under section 15 of the Bengal Municipal Act, 1932, is thirty and the number of commissioners in large municipalities such as Howrah and Dacca is thirty and twenty-one, respectively, we consider that the number twenty will allow of adequate representation of the five wards and the various interests concerned and will be convenient both for the purposes of election and nomination of appointed commissioners and for the transaction of business. We attach to this report a statement (Appendix A) showing the population, the number of ratepayers and the total annual valuation of the five wards as proposed by us. The Ratepayers' Association represented that the number of commissioners should be one for 250 ratepayers. On reference to Appendix A, it will be seen that the total number of ratepayers (owners) is 5,060: this gives one commissioner for 250 ratepayers.

We recommend that of the twenty municipal commissioners two shall be elected from each of the five wards, five shall be elected from the industrial constituency which we recommend that the Local Government should, if possible, constitute under section 18 (*1*) of the

Bengal Municipal Act, 1932, and five shall be nominated by the Local Government If it is found impossible to constitute an industrial constituency we recommend that the number of appointed members shall be increased to ten, the maximum number of appointed commissioners permissible under the provision to section 18 (*1*) (*i*) of the Bengal Municipal Act, 1932 If ten commissioners are appointed by the Local Government, five may be nominated as representatives of the industrial concerns and two of the remaining five should represent labour

In arriving at the above conclusion, we have given weight to the consideration that the industrial and labour interests are of great importance in Garden Reach The Garden Reach Workshop and Dockyard, the Keshoram Cotton Mill, the Clive and South Union Jute Mills, the India General Navigation and Railway Company's Dockyard and the Calcutta Match Factory are all located within the area which will form the new Garden Reach Municipality and, if our recommendation regarding the straightening of the north-eastern boundary of the municipality is accepted, the Calcutta Electric Supply Company's Southern Generating Station will also be included, if that recommendation is not accepted the North West Soap Factory will come within the Garden Reach Municipality These industrial concerns contribute some 75 per cent of the consolidated rate at present levied in Garden Reach and employ on an average some 26,000 workmen It is fitting that they should be adequately represented on the new municipal board and the presence of their representatives on the board should be useful in connection with the industrial expansion of this area in the future

As the population of the new municipality, according to the census figures of 1931, will be Muhammadans 30,000 and non-Muhammadans 26,000 we are definitely of opinion that no community need be declared a minority community under section 19 of the Bengal Municipal Act, 1932 It will also appear from Appendix A that the total number of ratepayers (owners) is 2,348 non-Muhammadans as against 2,712 Muhammadans In our arrangement of the ward boundaries we have contrived to include an approximately equal number of Muhammadans and non-Muhammadans in wards I, II and III Ward IV is predominantly Muhammadan (8,498 against 2,891) and it is possible that both representatives from this ward will be Muhammadans on the other hand ward V is predominantly non-Muhammadan (6,221 against 3,949) so that substantial equality of representation between the two communities is likely to be realised

CHAPTER II

Adjustment of finances and loans. Arrangements for water-supply. Provision of initial funds, etc. [Section 6, sub-sections (a), (b), (c), (d).]

I.—Adjustment of finances and loans.

A.—General.—We now come to the question of the adjustment of finances between the Corporation of Calcutta and the Garden Reach Municipality and the terms on which the liability for loans raised by the Corporation for the benefit of Garden Reach shall be adjusted between the Corporation and the Garden Reach Municipality. These two subjects are obviously closely connected with the arrangements to be made for water-supply to the Garden Reach Municipality and the liability of the Garden Reach Municipality in respect of contracts which relate to the benefit of the Garden Reach area. There is a conflict of interests here and the representatives of the Corporation and the representatives of Garden Reach do not see eye to eye on this subject.

We will deal first with the question of the liability for loans and contracts and the arrangements for water-supply, as herein lies the most difficult problem which the Committee have been set to solve.

At the outset we are faced with a difficulty of interpretation. Under section 6 (*b*) the Committee had to take into consideration "such portions of the loans raised by the Corporation of Calcutta as can be shown to have been incurred solely for the benefit of Garden Reach area." The difficulty lies in the interpretation of the word "solely." No loans were raised by the Calcutta Corporation "solely" for the Garden Reach area but, on the other hand, the Corporation claim that much of the expenditure on the Moore Bateman Water-supply Scheme was necessitated by the inclusion of the "added areas" Cossipore-Chitpore, Manicktola and Garden Reach and that portions of the loans which were raised for financing this scheme were incurred solely for the benefit of these added areas including Garden Reach.

Under sub-section (*d*) of section 6, the Committee are required to report on the liability of the Garden Reach Municipality "in respect of such portions of contracts, other than the contracts solely affecting the Garden Reach area . . . . . . as may relate to the benefit of the Garden Reach area."

Reading these two sub-sections together it seems clear that the Committee must report on the liability of the Garden Reach Municipality in respect of loans and contracts entered into by the Calcutta

Corporation for the Moore Bateman Scheme and must not confine itself to an examination of the liability of the Garden Reach Municipality in respect of loans raised by the Calcutta Corporation for such portion of that scheme as can be shown to have been *solely* for the benefit of Garden Reach. Obviously, the contracts for the Moore Bateman Scheme related to the benefit of the Garden Reach area in varying degrees of intensity; thus the contract for the Garden Reach main benefited chiefly the Garden Reach area, inclusive of the King George's Dock area, while the contracts for the enlargement of the Pulta-Talla Main concerned the whole of Calcutta and only benefited Garden Reach indirectly.

But, if the Garden Reach Municipality is to be liable for contracts other than contracts solely affecting the Garden Reach area it follows that the Garden Reach Municipality must be liable for loans raised by the Calcutta Corporation in respect of those contracts, even if the liability for those loans cannot be said to have been incurred solely for the benefit of the Garden Reach area.

In this report, therefore, the Committee have examined the liability of the Garden Reach Municipality in respect of the loans raised by the Calcutta Corporation for the Moore Bateman Scheme which was designed to benefit the Garden Reach area as well as other parts of Calcutta. The Calcutta Corporation have informed us in their letter No. S. 3629, dated the 25th/26th August, 1932, that loans raised for the Moore Bateman Water-supply Extension Scheme are the only items which fall within section 6 (*b*) of the Garden Reach Municipality Act, except a small item of Rs. 9,100 which was spent on tube-wells from loan account. We have, however, included other items which we consider may be properly described as capital works though not chargeable to the loan account.

In dealing with this complicated problem, there are two principal points to be borne in mind:—

(1) Under section 90 of the Calcutta Municipal Act of 1932 a statutory obligation was placed on the Corporation to spend annually for 10 years, beginning from 1926-27, a sum of not less than Rs. 1 lakh "on the execution of original improvement works" within the area of the old Garden Reach Municipality.

(2) Expenditure on the Moore Bateman Water-Supply Scheme.

We agree with the report of the Goode Committee that the expression "original improvement works" should be interpreted as capital works chargeable to the Municipal loan account. We also agree that the eligibility of works to come within the category of capital works should be judged by (*i*) their character, (*ii*) their extent. Accepting these criteria, we find that the installation of electric lights may

fairly be regarded as an original improvement work. No other work, however, undertaken by the Corporation in the Garden Reach area appears to us to conform to this definition of capital work, except the Garden Reach survey estimated to cost Rs. 92,407, one-third of which will be contributed by the Calcutta Improvement Trust. In our adjustment of this account it will be seen later on that we propose to credit the Corporation with certain other expenditure which although not chargeable to the municipal loan account was in respect of works which may be described as "original improvement works."

B.—The Moore Bateman Water-supply Scheme.—The Corporation submitted a note allocating Rs. 22⅜ lakhs to Garden Reach and showing details in the alteration of their original scheme for the provision of a larger supply of water at Pulta and Talla and the laying of mains of wider dimensions and also for carrying of mains to the limits of the Garden Reach area. The allocation of the expenditure on this basis is open to this objection that in a municipality serving a vast area, such as is served by the Calcutta Corporation, the expenditure on the distribution of water in the remoter areas must necessarily be more than in the area nearest the pumping stations.

The total estimated cost of the scheme for the supply of filtered water to Calcutta and the added areas (Cossipore-Chitpore, Manicktola and Garden Reach) is Rs. 45,47,073 exclusive of the cost of the additional land required at Pulta and Talla. The filtered water-supply of Calcutta formerly worked out at 34 gallons per head per diem; the Moore Bateman Scheme provided for a supply of 62·1 gallons per head per diem. The revised estimate drawn up by the Corporation for the whole scheme (including the additional works) on the basis of accepted contracts and the revised estimate for works not yet taken in hand came to Rs. 2,65,78,703* as against an original estimate of Rs. 2,29,15,514, or, a difference of Rs. 36,63,189 and not Rs. 45,47,073 as originally estimated as the cost of the additional works and on which the Goode Committee based their figures

In letter No. S. 7280, dated 6th January, 1926, from the Chief Executive Officer to the Secretary to Government, Local Self-Government Department, it was explained that the scheme sanctioned by Government at a cost of Rs. 2,29,15,514 in their letter No. 318 ML., dated 18th January, 1922, was designed to supply 70 million gallons of water a day, of which 5 million gallons were for the suburbs and 65 million gallons for Calcutta proper. Subsequently, as it was decided in 1923 to amalgamate the municipalities of Cossipore-Chitpore, Manicktola and Garden Reach with Calcutta, the Corporation revised the scheme so as to provide the same quantity of water per head per

*Sanctioned in letter No 241 M., dated the 30th January, 1926, from the Secretary Local Self-Government Department, to the Executive Officer, Calcutta Corporation.

diem (62·1 gallons) to these municipalities as was provided for Calcutta. Messrs. Moore and Bateman advised the Corporation that it would be necessary to provide for a total supply of 83,554,200 gallons a day from Pulta to Talla instead of the 70,000,000 gallons provided for in the original scheme and the cost of these additional works was estimated at Rs. 45,47,073, exclusive of the cost of land. It was then decided to draw up a revised estimate for the whole scheme, as shown above.

The Corporation claim that the increased cost of the scheme is principally due to the expansion of the original scheme in consequence of the amalgamation with Calcutta of Manicktola, Cossipore-Chitpore and Garden Reach. The more important of the additional works included—

(*i*) the enlargement of the settling tank at Pulta,

(*ii*) the provision of additional filter beds at Pulta,

(*iii*) the enlargement of the pumping machinery at Pulta and Talla,

(*iv*) the increase in the size of the main from Pulta to Talla from 54" to 60",

(*v*) the enlargement of the underground reservoir at Talla,

(*vi*) the acquisition of additional lands at Pulta and Talla.

The total expenditure on the Moore Bateman Scheme up to 30th November, 1932, came to Rs. 2,47,01,303 inclusive of the cost of laying the Garden Reach main, i.e., Rs. 6,76,283. The Corporation claim that the share which should be apportioned to the Garden Reach Municipality amounts to Rs. 20⅝ lakhs. (Appendix B.) From this apportionment all works are claimed to have been excluded which do not concern Garden Reach, e.g., nothing has been charged to Garden Reach on account of the proportionate share of cost of the zone mains in Districts Nos. I to III.

This sum of Rs. 20⅝ lakhs is made up of expenditure which may be divided under three main heads:—

	Rs.
(*a*) Enlargement of plant and machinery of the Pulta and Talla pumping stations and provision of an enlarged main to carry the increased supply of water from Pulta to Talla	9,80,373
(*b*) Provision of a wider zone main for District No. IV so as to enable a larger quantity of water to be carried to this district and thus made available for Garden Reach	3,09,631
(*c*) Provision of a sub-zone main for Garden Reach ...	6,76,283

We will deal with the claim of the Corporation in respect of each of these items separately but, before doing so, we propose to examine the problem in a wider aspect.

The Moore Bateman Scheme was designed with the intention of providing Calcutta with filtered water on the scale of 62·1 gallons per head per diem. This supply is on a very large scale, the supply of certain other cities in the world in gallons per head per diem being as follows: Bombay 42·5, Madras 26·8, Rangoon 9½ months, 58 to 66, 2½ (hottest) months 100, Glasgow 54, Leeds 43, Shanghai 50 to 70.* It seems certain that the Garden Reach area will not require a supply on this scale for many years to come, if ever. Moreover, in the course of our enquiry we have examined Mr. F. C Griffin, Chief Engineer, Public Health Department, Bengal. Mr Griffin states that for a sum of about Rs 7 lakhs he would be able to provide the Garden Reach Municipality with an independent water-supply scheme of its own complete with a distribution system. It may be mentioned here that the completed portion of the Moore Bateman Scheme in the Garden Reach area consists of a 12" main which has been carried to the junction of Garden Reach Road and Garden Reach Circular Road (i.e , at the extreme north eastern corner of the Garden Reach Municipality) but that nothing has been done to provide a distributory system, although Government have sanctioned an expenditure from loan account of Rs 6,63,800 for this purpose (*vide* letter No. 241 M L S.G , dated 2nd December, 1927) It is not necessary here to enter into the details of Mr Griffin's scheme but the scheme provides for a supply of 10 gallons of water per head per diem from the river Hooghly which will be potable because the water will be taken in from the river during the monsoon season when the river water is completely free from salinity The water would be stored in a lake, the construction of which would enable Garden Reach to fill up many of the insanitary and unhealthy tanks, for which the area is notorious, and to embark on a water-supply scheme which would also be a town improvement scheme Mr Griffin estimates that the maintenance charges for this scheme would amount to about Rs 30,000 per annum.

We make no comment on this suggestion as we conceive it to be a matter upon which the commissioners of the Garden Reach Municipality should deliberate We mention it because it appears to us that there is much to be said for the argument that if the Garden Reach Municipality can provide itself with an adequate supply of filtered water, in combination with a scheme which will be of great benefit to the Garden Reach area, at a cost of Rs. 7 lakhs, inclusive

of the cost of distribution, it is not equitable to ask the Garden Reach Municipality to contribute more than this sum to the Moore Bateman Scheme which is unnecessarily ambitious for the needs of this small municipality and less advantageous in that it cannot be combined with a town improvement scheme. It seems to us to be inherent in the reasons which led to the passing of the Garden Reach Municipality Act that the separation should be effected in such a manner as to enable Garden Reach to develop in the way best suited to its own interests. There would be little object in separation if the effects of separation were to saddle the Garden Reach Municipality with liability for an expensive scheme which goes beyond the needs of the locality.

Reverting to the specific items of the bill submitted by the Calcutta Corporation against the Garden Reach Municipality it appears to us that the enlargement of the plant and machinery at Pulta and Talla and the main from Talla are items of expenditure with which Calcutta as a whole is far more intimately concerned than Garden Reach. It is true that Garden Reach in common with Cossipore-Chitpore and Manicktola could not have a supply of 62·1 gallons per head without the additional works provided for in the revised estimate framed by Messrs Moore and Bateman. But we believe that Calcutta will derive solid advantages from the supplementary scheme even although Garden Reach is unable to accept liability for some portion of the expenditure incurred for the joint benefit of Calcutta, Cossipore-Chitpore, Manicktola and Garden Reach.

Calcutta is a city which depends apparently for its continued growth and expansion rather upon immigration and the opening out and improvement of new areas than upon any normal increase in the population, the death rate per thousand of the population being still in excess of the birth rate. On the other hand, the Calcutta Improvement Trust by opening out and developing new areas has made possible the expansion of the city in many directions. From the inception of the Calcutta Improvement Trust, the Calcutta Corporation have contributed Rs 2½ crores to the Trust and since 1924-25 the annual contribution has included 2 per cent of the annual rateable value of Garden Reach in common with the other wards of the Calcutta Municipality Cossipore-Chitpore and Manicktola have both benefited from the operations of the Trust and of the Corporation but Garden Reach has not derived benefit from any scheme of either body. From the date of the constitution of the new Garden Reach Municipality the Garden Reach area will cease to fall within the scope of the Trust's activities As, therefore, Garden Reach has neither benefited in the past nor will benefit in the future through the operations of the Calcutta Improvement Trust, it is not unreasonable to suppose that Calcutta, with Cossipore-Chitpore and Manicktola, is more likely

to expand and to be able to turn to advantage the additional works undertaken in consequence of the amalgamation of the "added areas" with Calcutta than Garden Reach.

Again, the calculation made by the Calcutta Corporation in its claim against Garden Reach is based upon the supposed population of the Garden Reach Municipality in 1941, upon which the estimate for the Moore Bateman Scheme was framed, i.e., the cost apportioned to Garden Reach bears to the total cost the same ratio as the population of the Garden Reach Municipality in 1941 was expected to bear to the total population of the Calcutta Corporation inclusive of the added areas in the same year.

The principle upon which the apportionment of cost has been framed, i.e., on the assumed population of Garden Reach in 1941, is, however, open to criticism. In the first place the population of Garden Reach in 1941 was assumed at a figure which does not seem likely to be reached under normal conditions. The following statement shows the population of the added areas in 1921, as ascertained at the Census of 1931, and the population estimated in 1941:—

	Population			Estimated per centage of the increase.	Water required at 62·1 galls. per head per diem.
	1921	1931	1941 (estimated)		
Maniktola ..	66,372	75,634	1,18,000	75	73,27,800
Chitpore-Cossipore ..	56,473	66,484	79,000	40	49,05,900
Garden Reach ..	45,567	55,872	78,000	70	48,43,800

It will be seen that the increase of population in Garden Reach according to the Census of 1931 over the population in 1921 (which amounts to about 20 per cent. in 10 years) does not warrant the supposition that there will be an increase of 70 per cent. by 1941.

It is difficult to assign any reason for this over-estimate in the absence of the data on which the estimate was based, especially in view of the fact that the population of Garden Reach in 1921 was the same as in 1911. Nevertheless, it can be said that the estimate was probably based on a forecast of the increase of population likely to occur in the Garden Reach area as a result of improvement schemes facilitating its development on its amalgamation with Calcutta when it came within the sphere of activity of the Calcutta Improvement Trust and of the Calcutta Corporation.

While the framers of the Moore Bateman Scheme over-estimated the increase in the population of the Garden Reach area which was likely to occur between 1921 and 1941, they under-estimated the probable increase in the population of Calcutta. They assumed that Calcutta would have a population of about 1,047,000 in 1941 but actually the Census figures for 1931 show that Calcutta (excluding the added areas) already has a population of one million people.

The revised scheme of water-supply, therefore, which provided for 13½ million gallons more per diem than the 70 million gallons provided for under the original scheme, has been more for the advantage of Calcutta than Garden Reach. This increased water-supply will not be used in Garden Reach but will be required in Calcutta.

Thus, the population of wards 21 and 27 (Ballygunge and Tollygunge) has increased from 50,854 to over 71,000 and the population of ward 22 (Bhowanipore) from 57,378 to 79,684 These areas have been developed by the Calcutta Improvement Trust. The over-estimate of the population of Garden Reach for the Moore Bateman Scheme has saved the Corporation from the necessity of framing a fresh scheme for the enlargement of the water-supply for wards 21, 22 and 27. It seems therefore unfair to saddle Garden Reach with expenditure which is unnecessary for the needs of Garden Reach but is immediately required for the needs of Calcutta. It may reasonably be contended that the relatively small increase of the population of Garden Reach in the ten years, 1921 to 1931, is partly due to the failure of the Corporation to undertake works of improvement and development in that area. But as Calcutta benefits from the surplus water which now becomes available for other areas, the expenditure may reasonably be adjusted in accordance with the actual facts of the situation.

It seems to us, therefore, that no portion of the expenditure incurred on the Moore Bateman Scheme under head *(a)* should be apportioned to the Garden Reach Municipality

In regard to head *(b)*, the provision of a wider zone main for district IV at a cost of Rs 3,09,631 it is to be noted that the population of Calcutta proper in 1921 was 908,000 and the estimated population under the Moore Bateman Scheme was 1,047,000; i.e., an increase of 15 per cent. was anticipated by 1941.

According to the revised Moore Bateman Scheme, the water-supply of district No IV, including Garden Reach, was provided through zone IV mains.

The population of district No IV in 1921 was as follows:—

Ward 22 (Bhowanipore and Tollygunge)	57,378
Ward 23 (Alipore)	22,184
Ward 24 (Ekbulpur)	31,420
Ward 25 (Watgunge)	34,479
Ward 18 (Hastings)	4,281
	149,742 or, say, 150,000.

An increase of 15 per cent. on this population would be 172,500. Adding to this figure the estimated increased population of Garden Reach in 1941 (78,000) we get a total population of 228,000 for which provision was made in the Moore Bateman Scheme.

Now, according to the Census of 1931, we find that the population of district IV is as follows:—

Ward 22 (Bhowanipore)	79,684
Ward 27 (Tollygunge)	40,730
Ward 23 (Alipore)	28,958
Ward 24 (Ekbulpur)	32,822
Ward 25 (Watgunge and Hastings)	32,552
	214,746 or, say, 215,000.

The amount of water which was to be supplied to district IV, including Garden Reach, will, therefore, now be not much more than sufficient to supply the needs of district IV, excluding Garden Reach, for there is only a difference of 13,000 in the estimated population of district IV, including Garden Reach (228,000), in 1941, and the actual population of district IV, excluding Garden Reach (215,000) in 1931 This difference is likely to be more than made up by 1941 in the area which will remain in district IV, excluding Garden Reach.

If we add to this figure (215,000) even the present (1931) population of Garden Reach (55,000) we obtain a total population of 270,000. The Moore Bateman Scheme of water-supply would be insufficient for this population allowing it the full quota of the estimated supply of 62 1 gallons per head.

It may be said, therefore, that the separation of Garden Reach will actually benefit the Corporation as it will free for use in other areas water that would otherwise have been required for the population of Garden Reach.

Thus, if the 55,000 inhabitants of Garden Reach take only 10 to 20 gallons per head per diem—an amount which their representatives on this Committee consider will be adequate for their needs—52 or 42 gallons per head per diem will be set free for use in other areas This amount 52 or 42 × 55,000, i.e., 2,860,000 gallons or 2,310,000 gallons of water per diem will be free for use in Cacutta, a quantity which at 62 gallons per head per diem would suffice for the needs of thirty or forty thousand people.

We are, therefore, of opinion that the expenditure on the provision of wider zone mains in district IV cannot be allocated as being solely for the benefit of Garden Reach.

(c) Under this head is the sub-zone main known as the Garden Reach main. It starts from Sterndale Road and is carried along Diamond Harbour Road up to near the Majerhat Bridge at Alipore The actual Garden Reach main takes off from this main at the junction of Diamond Harbour Road and Remount Road.

So far as the main up to this junction of Diamond Harbour Road and Remount Road is concerned, it cannot be said to be solely for the benefit of the Garden Reach area. The main will serve to provide water for the Alipore Ward as also for the Port Commissioners' land near Behala and will be utilised for providing a supply to the South Suburban (Behala) Municipality It follows that no liability for this portion of the main should be apportioned to Garden Reach.

Next we come to the main from the junction of Diamond Harbour Road and Remount Road which is carried across the Port Commissioners' land to new Taratala Road and along that road to its junction with Circular Garden Reach Road. It is claimed that this length of main is solely for the benefit of the Garden Reach area. The Water Works Constructional Engineer of the Calcutta Corporation is of opinion that if no provision had to be made for the supply of water to Garden Reach but only to the Dock area, the Corporation could have done with a main of lesser dimension (24") carried up to Hide Road near Brace-Bridge Railway Station This would have cost only Rs 2 lakhs instead of the estimate of Rs 7·71 lakhs required for the Garden Reach main of 42" dimension The excess expenditure of Rs 5·71 may be said to have been incurred solely for the benefit of Garden Reach.

The figure of Rs 2 lakhs given to us by the Executive Engineer of the Corporation is admittedly merely a guess but we have not considered it necessary to call for an estimate as the preparation of such an estimate would be of hypothetical interest only and would involve much time, labour and expenditure.

To sum up, our conclusions on this difficult and controversial question are as under:—

(i) In considering the apportionment of liability on account of loans and contracts between the Calcutta Corporation and the Garden Reach Municipality it would not be statesman-like to regard the problem as exclusively financial The decision of the Legislature in favour of the separation of Garden Reach from Calcutta implies that the former municipality has needs of its own which are divergent from those of Calcutta. In apportioning financial liability we should, therefore, see that the smaller neighbour's needs in the future do not suffer from its association with its big neighbour Calcutta during the 9 years (1924-33).

(ii) The financial liability of Garden Reach in respect of loans and contracts connected with the Moore Bateman Scheme should be

limited to a maximum figure of about Rs. 7 lakhs, as the expenditure of this sum would enable Garden Reach to embark on a water-supply scheme which would be suited to its own requirements and could be combined with a town improvement scheme.

(*iii*) For the reasons given above, we consider that Garden Reach should not bear any liability for those portions of the Moore Bateman Scheme which are not exclusively for the benefit of the Garden Reach Municipality and can be put to good use by the Calcutta Corporation for the benefit of other areas.

(*iv*) If the above principles are adopted it is impossible to apportion financial liability to Garden Reach with complete accuracy. We consider, however, that the difference between the cost of the 42″ main from Sterndale Road to the junction of Garden Reach Road and Circular Garden Reach Road less the cost of the main of 24″ dimensions which it is claimed would have been sufficient for the Dock area should be the liability to be assigned to the Garden Reach Municipality, although strictly the expenditure on the main from Strendale Road to Diamond Harbour Road is not properly debitable to Garden Reach as stated under (*c*). According to the evidence of the Water Works Constructional Engineer of the Calcutta Corporation, the cost of construction of a 24″ main to Hide Road would amount roughly to about Rs. 2 lakhs while the actual expenditure on the 42″ main will amount to Rs. 7,71,000; the difference being Rs. 5,71,000.

A separate line of enquiry leads us to approximately the same conclusion. The Water Works Engineer also stated before us that one-third of the total supply of water available at the Garden Reach main will be required for the Dock area and two-thirds will be available for Garden Reach. On this basis, two-thirds of the expenditure on the Garden Reach main might be apportioned to Garden Reach and one-third to the Dock area, that is to say, to the Calcutta Corporation. Two-thirds of Rs. 7,71,000 amount to Rs. 5,14,000.

We consider that Garden Reach should be liable for a sum of about Rs. 5½ lakhs whether it embarks on the scheme suggested by Mr. Griffin or decides to obtain its water from the 42″ main. As Mr. Griffin's scheme would mean the provision of a reservoir at the western end of the municipality while the 42″ main is at the extreme north-eastern corner of the municipality, it is possible that the two sources of water-supply might be utilised, but this is a question for the municipal commissioners to decide when the Garden Reach Municipality is constituted. This sum should be held to free Garden Reach from liability in respect of the expended amount up to 30th November 1932, as also the unpaid amounts of contracts and bills of the total estimate of Rs. 7·71 lakhs.

In consideration of all these factors we think that the liability of Garden Reach for the Moore Bateman Scheme should be Rs. 5½ lakhs, less the unexpended balance of the sum of Rs. 6 lakhs which the Corporation is required to spend on "original improvement works" within Garden Reach by virtue of section 90 of the Calcutta Municipal Act, 1923. We have consulted the Accountant-General, Bengal, on this subject but have been unable to obtain the required figures from him. From our examination of the annual accounts of the Calcutta Corporation it appears that the items of expenditure shown in column 8 (*a*) Appendix D, may fairly be adjusted against this sum of Rs. 6 lakhs. Deducting the balance from the sum of Rs. 5½ lakhs due from the Garden Reach Municipality in respect of the Moore Bateman Scheme we get a nett balance of Rs. 2·34 lakhs in round figures due to the Calcutta Corporation. We leave it to that body to rectify these figures of expenditure in respect of their liability under section 90, Calcutta Municipal Act, 1923, if they are able to do so.

The resultant position may be expressed in balance sheet form as under:—

	Rs.	A.	P.
(*a*) Liability of Garden Reach for loans and contracts in respect of the Moore Bateman Scheme ...	5,50,000	0	0
Add expenditure from loan account for tube-wells	9,100	0	0
Liability of Garden Reach ...	5,59,100	0	0
(*b*) Liability of the Calcutta Corporation under Section 90, Calcutta Municipal Act, 1923	6,00,000	0	0
Less amount spent on "original improvement works" (*vide* Appendix D) ...	2,75,039	9	3
Liability of Calcutta ...	3,24,960	6	9

	Rs.	A.	P.
(*a*)	5,59,100	0	0
(*b*)	3,24,960	6	9
	2,34,139	9	3

or, say, Rs. 2,34,000 is the nett liability of the Garden Reach Municipality.

As to the adjustment of this nett balance, the loans incurred by the Corporation in respect of the Moore Bateman scheme are repayable in 30 years. The Corporation calculate the annual charges at 7·5 per centum which, according to Archer's Tables, represents interest at 6

per cent. and sinking fund charges at 1·5 per cent. per annum. The annual payment by the Garden Reach Municipality to the Calcutta Corporation will, therefore amount to Rs. 17,550 beginning from the fifth year after the constitution of the new Municipality. Payment can most conveniently be made by adjustment against the special payment of Rs. 2½ lakhs which the Corporation must make to Garden Reach under Section 4 of the Schedule to the Act but Garden Reach should be at liberty to repay the sum due to the Corporation in such instalments over a period not exceeding thirty years as it may find convenient. Payment may begin from the fifth year as it is not expected that the distributory main can be provided earlier.

II.—Arrangements for water-supply.

The Moore Bateman Scheme was designed to supply filtered water to the Garden Reach area through distributory pipes from the zone point of the Garden Reach main at the junction of Circular Garden Reach Road and Garden Reach Road. For the distributory system an estimate of Rs. 6 lakhs and odd was sanctioned by Government in 1927; the expenditure was to be met from loan funds. The distributory pipes of the old Garden Reach Municipality with the narrow ferrule will not be able to bear the pressure of water at the Garden Reach zone and until the new distributory pipes are laid, Garden Reach will not get any advantage from the Garden Reach main to the cost of which we recommend that it should contribute. Moreover, the completion of the Garden Reach main will require some time, probably a year. We have recommended elsewhere that with the exception of the water boat, the Corporation of Calcutta should make over to the Garden Reach Municipality all motor lorries, water carts, etc., bought for or in service in the Garden Reach area. The new municipality will have to continue this expensive system of water-supply until the distributory system is laid.

It is estimated that by this system of service, Garden Reach will not be able to take more than five gallons of water per head per diem. Even after the laying of distributory pipes the consumption is not likely to exceed ten gallons per head per diem. An insanitary Garden Reach is a menace to Calcutta and especially to the Port which it adjoins. This fact was especially emphasised by Mr. P. N. Bramha, the representative of the Corporation of Calcutta on this Committee. He strongly favoured an abundant supply of water to Garden Reach as a preventive measure against epidemics which would be a menace to the prosperity of the Port which, as he rightly observed, is the life and soul of Calcutta. In view of these facts, the Committee are of opinion that no restriction should be put on the maximum quantity of water to be supplied to Garden Reach; consequently a prohibitory rate should not be charged for any excess quantity consumed.

As to the maximum rate which the Corporation may demand from the Garden Reach Municipality, the Committee have ascertained that previously the rate for the old Garden Reach Municipality was four annas per 1,000 gallons which was subsequently increased to six annas per 1,000 gallons. It has been stated by the Chief Accountant to the Corporation that no definite basis can be laid down for arriving at the cost of water but he stated that the cost at Talla was 2 annas 3·4 pies per 1,000 gallons while the cost was much more at the different zone points owing to the cost of distributory mains. It has been urged before the Committee that the cost increases with the distance owing to loss by leakage. We have not been given any definite data on which the cost of water is worked out and charged to outside municipalities under section 242 of the Calcutta Municipal Act, which requires that the cost should be calculated at such rate not being less than the cost (including loan charges, allowances for depreciation of plant and other charges) to the Corporation.

We find from the Report of the Municipal Administration of Calcutta, Volume II (Accounts), that in the accounts of the Corporation of properties regarded as trading concerns, under the head "water-supply to shipping" the cost of water which is supplied from Chandpal Ghat is calculated at 2 annas 11·4 pies per 1,000 gallons. We, therefore adopt three annas per 1,000 gallons as the cost of water at the Garden Reach zone. In arriving at this figure the Committee have taken into consideration the costly arrangements which the new municipality will have to make and also the contribution towards the Garden Reach main the benefit of which the municipality will not be able to enjoy for some years to come. The Committee, therefore, recommend that for four years from the date of its constitution the Garden Reach Municipality should get a supply of filtered water from the Calcutta Corporation at the rate of three annas per 1,000 gallons to be taken from such points or zones as may be convenient until the Garden Reach main is brought into operation. When the Garden Reach main has been laid a Venturi meter should be put in for calculating the supply. The Corporation of Calcutta should also supply filtered water to private boats and lorries of residents and industrial concerns at such points or zones as hitherto and the quantity so taken should be debited against the Garden Reach Municipality.

We recommend that on the expiry of four years, the Calcutta Corporation should be authorised to charge for filtered water supplied at cost price. If any dispute arises as to what constitutes cost price this would be decided by Government. It is presumed that all expenditure under the Moore Bateman Scheme will be completed by that time and that the Corporation will be in a position to arrive at definite

data for calculation. On the other hand, the Garden Reach Municipality will have its own distributory mains and will be in a position to do away with the existing expensive arrangement for water-supply.

III.—Provision of initial funds, etc. [section 6(a)].

A.—Adjustment of finances between the Corporation and the Garden Reach Municipality [section 6(a)].

We now come to the question of the provision of initial funds for the Garden Reach Municipality with which we propose to consider certain problems arising out of the adjustment of finances.

The Corporation have placed before us a statement showing the receipts from and expenditure on the Garden Reach area during the eight years 1924-25 to 1931-32. According to this statement the receipts from Garden Reach inclusive of the Dock area during this period total Rs. 35,30,073 while the expenditure amounts to Rs. 40,96,405, leaving a debit against Garden Reach of Rs. 5,66,332. We consider, however, that this factor must be ignored in the adjustment of the finances between the two municipalities concerned.

The Municipal Fund of the Corporation of Calcutta is maintained under two broad account heads, viz., Revenue and Loan Accounts. The income of the Corporation is pooled into the Revenue Fund irrespective of the receipts from particular wards or districts and expenditure is met out of this fund for petty improvement works, charges for staff and establishment, maintenance of works, stores, contingencies, grants-in-aid, etc., as also on account of loan charges. The loan charges are the interest and sinking fund charges on loans raised by the Corporation under section 97 of the Calcutta Municipal Act. In Volume II of the Report of the Municipal Administration of Calcutta which deals with accounts, statements showing the allocation of income and expenditure to the different districts and added areas are appended. This attempt to allocate expenditure to certain areas cannot be said to be a success for we find in the accounts for 1930-31 that there is an unallotted receipt of about Rs. 70 lakhs against allotted receipts of about Rs. 166 lakhs. The failure is also apparent in the case of expenditure where against a total expenditure of about Rs. 234 lakhs there is a total unallotted expenditure of over Rs. 25 lakhs.

The allocation of receipts and expenditure to the several districts governed in municipal matters by the Calcutta Corporation is unsound in principle for our purpose because the poorer localities may reasonably expect to share in the civic amenities made possible by their association with the richer areas.

The expenditure on Garden Reach for 1928-29 was made up (as shown in paragraph 8 of the Goode Committee Report) of items* on account of—

(i) Central and district staff and establishment (Rs. 2 lakhs),

(ii) Maintenance, stores, and grants-in-aid (Rs. 95,000),

(iii) Water-supply (Rs. 80,000),

(iv) New works (Rs. 53,000); or, a total of Rs. 4,30,000.

From the Calcutta Corporation Budget figures for 1932-33, it appears that the estimated expenditure on over-head charges, e.g., salaries of superior, clerical and subordinate establishment, wages of labour, etc., total Rs. 65 lakhs for 1932-33 against an expenditure of Rs. 285 lakhs. According to these figures establishment charges come to 23 per cent. of the expenditure of the Corporation as a whole. On this basis establishment charges on an expenditure of Rs. 4,30,000 would be Rs. 99,000 or, say Rs. 1 lakh, as against Rs. 2 lakhs allocated. Then, as regards water-supply charges, Rs. 30,000 is debited to Garden Reach for the water boat on the assumption that the Corporation makes a profit of Rs. 30,000 annually from each boat by supplying water to shipping. As the supply of water by means of a water boat cannot properly be treated as a commercial transaction with Garden Reach, only the actual charges should have been allocated. The Corporation is under a statutory obligation to supply water within its limits and if it had to make use of a water boat to comply with this obligation, the expenditure under this head should not be debited against Garden Reach. An amount of Rs. 12,000 is added to the sum debited to Garden Reach for water-supply on the ground that Garden Reach used to pay this sum as the cost of water prior to its amalgamation. This charge is said to be too low as it is based on a rate of annas six per 1,000 gallons of water: a rate which is insufficient to cover pumping charges.

To this expenditure of Rs. 4,30,000 is added Rs. 26,000 for conservancy charges of King George's Docks. To this also is added the proportionate cost (Rs. 8 lakhs) of the pumping stations at Talla and Pulta. The share of Garden Reach is calculated at Rs. 53,000 on the basis of population. This debit appears to us to be wholly unjustified. The quantity of water supplied by lorries and motor boats to Garden Reach amounts to about 2 to 5 gallons per head per diem, and a calculation of pumping costs at 62·1 gallons per head of population when the quantity of water actually supplied is 5 gallons only is inequitable. Moreover Rs. 12,000 has already been added as the cost of water and this sum includes something for pumping costs. To all

*Round figures are given.

these charges are added the interest and sinking fund charges on the loans for the Moore Bateman Scheme which were calculated at Rs. 1,27,452, for the service of a loan of Rs. 17½ lakhs. We have found above that the allocation of charges on the Moore Bateman Scheme should only amount to Rs. 5½ lakhs. The Goode Committee arrived at a total expenditure by the Corporation for Garden Reach of roughly Rs. 5½ lakhs per annum. The income from rates in the area of the former Garden Reach Municipality was taken at Rs. 6,85,000 and was expected to be Rs. 7,35,000 within a year showing an annual surplus of Rs. 1,85,000. This figure was accepted by the Special Committee of the Corporation. In the proceedings of the meeting on 20th January, 1931, the Chairman stated that, on the basis of figures given in the Government Committee's report which had been supplied by the Corporation officers, it appeared that Rs. 1,85,000 would be the nominal surplus of income over expenditure in Garden Reach. From the above analysis it appears that the contention of the Chief Accountant that the expenditure by the Corporation for Garden Reach is in excess of the income derived from Garden Reach is open to challenge.

B.—Liability for the sums advanced under section 5 [section 6(a)].

The Committee recommend that the total cost incurred for the preparation of this report should be apportioned between the Corporation of Calcutta and the Garden Reach Municipality equally. The half share debitable to the Garden Reach Municipality should be deducted by the Corporation from the initial funds to be made over to the former on its constitution.

C.—Provision of initial funds [section 6(a)].

On amalgamation with Calcutta, the former Garden Reach Municipality made over to the Corporation a sum of Rs 1,81,600 as closing balance of the Municipal Fund. This sum consisted chiefly of unspent grants and loans received from Government for improvement schemes together with the reserve fund of the municipality. The Chief Accountant of the Corporation has stated that this amount was carried to the opening balance in the revenue accounts of the Corporation and has merged in the Municipal Fund of the Corporation. It appears to us that Garden Reach may claim a proportionate amount from the opening balance of the Corporation in the year 1932-33, i.e., from the time when the Garden Reach Municipality will begin to receive an annual contribution of Rs. 2½ lakhs from the Corporation under section 4 of the Schedule to the Act. The

Chief Accountant of the Corporation was of opinion that no initial funds should be provided because the expenditure on Garden Reach has been in excess of receipts and Garden Reach will receive a contribution of Rs. 2½ lakhs which will suffice for its initial funds. He was further of opinion that notwithstanding the direction given in section 18 of the Act—which requires the Garden Reach Municipality to reserve annually out of this sum of Rs. 2½ lakhs a sum of Rs. 1¼ lakh for expenditure on new works of improvement—there is no objection to the utilisation of this contribution as the initial funds of the municipality. In the Statement of Objects and Reasons of the Garden Reach Municipality Bill, the Hon'ble Minister-in-charge explained the circumstances under which this contribution was being made. He stated: "It is clear that such a municipality would not with its normal resources under the Bengal Municipal Act be in a financial position to conduct its normal activities or to undertake capital improvements without assistance while at the same time the fact that the Calcutta Corporation will derive increased revenue from the Dock area, which on the basis of geographical consideration would normally go to the Garden Reach Municipality, justifies the payment of a grant by the Calcutta Corporation to Garden Reach." The contribution of Rs. 2½ lakhs is, therefore, required to supplement the normal resources of the Garden Reach Municipality and half of this sum only is available for its normal activities. We, therefore, consider that the statutory obligation imposed on the Corporation to make an annual contribution of Rs. 2½ lakhs in aid of the funds of the Garden Reach Municipality does not relieve the Corporation from the obligation of providing the Garden Reach Municipality with initial funds which are normally of the nature of a reserve fund. The amount of the initial funds should be fixed according to the proportion the total consolidated rates of Calcutta bear to the consolidated rates of the Garden Reach area as defined in the Act, which is roughly $\frac{2}{187}$ ths or say $\frac{1}{94}$ th of the total income of the Corporation from the consolidated rate. The estimate of the opening cash balance on 1st April, 1932, (Appendix C of the Budget of the Corporation of Calcutta for 1932-33) amounted to Rs. 83,72,000. According to this calculation an opening balance of Rs. 89,000 should be paid to the New Garden Reach Municipality on its constitution. It will be observed that according to section 4 of the Schedule to the Act a total sum of Rs. 75 lakhs is to be paid to the Garden Reach Municipality (Rs. 2½ lakhs for 30 years). If part of this fund is made to do duty as the initial funds of the Garden Reach Municipality this statutory obligation will be evaded. This subsidy is intended as some compensation to Garden Reach for the loss of the Dock area with its great possibilities of future development and we do not consider it proper to eat into this sum, the amount of which was fixed on quite other considerations, by making it serve the purpose of an initial fund.

CHAPTER III

Revival of Acts and notifications. Staff. Apportionment of arrear rates and taxes. Movable property. Miscellaneous. Conclusion.

I.—Revival of Acts and notifications.

It is enacted in section 8 of the Act that on the constitution of the Garden Reach Municipality, the Bengal Municipal Act, 1884, and the Bengal Food Adulteration Act, 1919, shall be deemed to be re-enacted and in force. Under section 14 the rules, orders, by-laws, regulations and directions made or issued under the Bengal Municipal Act, 1884, are revived from the date of the constitution of the Garden Reach Municipality. Under the notifications relating to the former Garden Reach Municipality the provisions of parts VI, VII, IX, X, and XI B of the Act of 1884 were extended to the Garden Reach Municipality. Their revival is not necessary as a municipality constituted under the Bengal Municipal Act of 1932 automatically possesses these powers. The Act, however, does not revive the notifications under enactments which were in force in the former Garden Reach Municipality and became inoperative on its amalgamation with the Corporation of Calcutta. It will be necessary to revive these notifications. The enactments concerned, as far as we have been able to find, are as follows:—

(1) *Licensed Warehouse and Fire Brigade Act.*—Under section 1 (2) the Act applies to Calcutta and such portion of the suburbs as are subject to Bengal Act II of 1866 (Calcutta Suburban Police Act) and to any other municipality in the neighbourhood of Calcutta to which it is extended.

The police jurisdiction in Garden Reach is divided between the Calcutta Police (police-station Garden Reach) and the Bengal Police (police-station Metiabruz). For the portion of Garden Reach within the jurisdiction of the Calcutta Police (as shown in the map) no notification under the Licensed Warehouse and Fire Brigade Act is necessary. But for the portion outside, where there are godowns, the services of the Fire Brigade are equally necessary and for that reason the notification No. 797 M., dated the 11th April, 1912, was published. The publication of a notification under the Act is necessary for the area notified previously and that notification should also include the additional areas including the South India Jute Mills within the purview of the Act. Otherwise, these areas will be excluded from the services of the Fire Brigade and the municipality will not be able to realise the whole of the fees under the Fire Brigade Act which amount to over Rs. 3½ lakhs.

(2) *The Calcutta Hackney Carriage Act.*—The combined registration fee for Calcutta and suburban municipalities is realised by the Calcutta Police. Under section 82 of the Act, the fees are apportioned between the Corporation and the municipalities included in Calcutta under section 2 (*b*) of the Act. By notification No 1098 Pl., dated the 25th April, 1921, Garden Reach Municipality was included in Calcutta for this purpose. To enable the new municipality to get its share of the fund, so much of the notification as relates to Garden Reach should be republished.

(3) *Cattle Trespass Act.*—Under a general notification, the commissioners of municipalities under the Bengal Municipal Act were vested with the powers of the District Magistrate under section 31 (*a*) and authorised to receive the proceeds of cattle pounds. As Garden Reach will be a new municipality, it will automatically come under the Bengal Municipal Act and no fresh notification will be required.

(4) *Bengal Motor-Vehicle Tax Act, 1932.*—Under section 10 (*1*) of the Act, the Local Government will pay the sum of Rs. 4½ lakhs to the Corporation as constituted under the Calcutta Municipal Act, 1923. When Garden Reach is separated from Calcutta an amendment of the section enabling Garden Reach to obtain a share of this sum of Rs. 4½ lakhs is necessary.

It would be equitable to amend the Act lowering the contribution to be paid to the Calcutta Corporation so that Garden Reach may be benefited by works undertaken by the Road Committee or get a contribution from it like other municipalities; in the alternative, the Calcutta Corporation should be made to pay an equitable quota to Garden Reach.

(5) *Cart Registration Fees.*—Under section 13 of the Act, the valuations made, rates and taxes imposed and fees levied by the Corporation in respect of the Garden Reach area under Part IV of the Calcutta Municipal Act shall continue in force in Garden Reach Municipality for one year after its constitution and shall be deemed to be valuations, rates, taxes, fees or tolls imposed under Part IV of the Bengal Municipal Act, 1884, (now Chapter V, section 123 of the Bengal Municipal Act, 1932).

Under this head would be included the consolidated rate (section 124), the tax on carriages and animals (section 165), the tax on dogs (section 173), the tax on professions, trades and callings (section 175), the scavenging tax (section 179), the tax on petroleum (section 181), and the tax on carts (section 183).

All these taxes can be realised under the Bengal Municipal Act, 1932, by the new Garden Reach Municipality except the tax on carts. A notification under section 185 of the Calcutta Municipal Act will be necessary declaring Garden Reach Municipality to be entitled to a share in the proceeds of the tax.

The question of the extension of some of the provisions of the Calcutta Municipal Act, 1923, to Garden Reach Municipality under section 540 of the Calcutta Municipal Act was considered by the Committee. The Committee examined and found that nearly all the provisions have been extended to the Municipality of Howrah under notification No. 260M., dated the 18th January, 1932.

It will be seen from the Bengal Municipal Act recently enacted that the definitions and provisions of the Calcutta Municipal Act, so far as they can be usefully introduced in advanced municipalities, have been provided for in the Bengal Municipal Act, 1932. Chapter VI relates to streets; Chapter IX to buildings, Chapter X to bustees; Chapter XII to cess pools and obstructive buildings which are objectionable on sanitary grounds, etc.; Chapter XVII to markets and slaughter-houses and Chapter XIX to supplementary provisions of the Bengal Food Adulteration Act. On the other hand, the Garden Reach area for the last nine years having been controlled by the Calcutta Municipal Act, the relaxation of the regulations regarding buildings, bustees and streets should not be permitted at any rate in the urban area of the Garden Reach Municipality. The Committee would, therefore, recommend that these provisions should be extended to the proposed wards I, II, III and IV of the Garden Reach Municipality simultaneously with its constitution.

II.—Staff and allied questions [section 6 (e)].

The Committee are under a serious disadvantage in dealing with the question of staff as it is obviously impossible for them, without actual experience of the working of the municipal machine in the area which will be constituted the Garden Reach Municipality, to make exhaustive recommendations regarding the staff which will be necessary for the new municipality. It is not possible for this Committee to examine the duties and functions of all the municipal employees now employed in the Garden Reach area. That is a function which should properly be undertaken by the Garden Reach municipal commissioners when constituted under section 8 of the Act. Questions of administrative policy must arise when considering the problem of staff and with these questions this Committee has nothing to do.

It appears to us, therefore, that an examination in detail of the staff which the new municipality will require should be one of the first duties of the newly formed body of municipal commissioners. All that we can do is to make certain general suggestions leaving a final decision on this question to the new municipality.

A sub-committee of this Committee has gone into this question and we append to this report a statement (Appendix C) showing the staff

employed by the former Garden Reach Municipality, the staff employed at present in the Garden Reach area by the Calcutta Corporation, and the staff which it is proposed should in any event be retained by the new municipality.

We qualify this recommendation, however, by a suggestion that for a period not exceeding six months after the constitution of the new municipality the staff at present employed in the Garden Reach area should be retained. This will enable the municipal commissioners to examine the working of the staff and formulate a policy regarding the activities with which they are connected. Some of the staff are concerned with activities in connection with education, public health, maternity comforts, the milk kitchen, etc., which should be reviewed by the municipal commissioners before any decision can be reached as to the retention or dismissal of the staff.

It is, however, possible for us to make recommendations as to the principles which should be adopted in settling—

(*a*) the conditions under which the Garden Reach Municipality shall continue in employment the staff now employed in the Garden Reach area, and

(*b*) the compensation to be paid to employees discharged in consequence of the exclusion of the Garden Reach area from the jurisdiction of the Calcutta Corporation.

As regards (*a*) we are of opinion that the employees of the Corporation who are taken over by the Garden Reach Municipality should retain all the privileges regarding scales of pay, provident fund and gratuities which they enjoy at present under the Corporation. The Garden Reach Municipality should, however, decide within a period of 6 months, as suggested above, whether the retention of each member of the staff is necessary or desirable, or not. We recommend that such staff as are not engaged by the new municipality should be retained by the Calcutta Corporation by absorption in other departments, whenever possible, and that any member of the existing staff not retained either by Garden Reach or Calcutta should be compensated at the expense of the Corporation. If it is decided to discharge any employee the question of his compensation will then have to be considered; and this brings us to (*b*). As to the compensation to be paid to the employees of the Corporation who may be discharged in consequence of the separation of Garden Reach we recommend that they should be allowed the same concessions as if they had been discharged by the Corporation in order to reduce establishment, with this added concession that for the purpose of payment of provident fund and gratuities there should be no minimum time limit of service. Under the present rules of the

Corporation no employee is entitled to employer's contribution to provident fund if he voluntarily leaves the service within five years or to gratuity unless he has served for at least 15 years. We recommend that there should be no minimum qualifying period of service for these concessions and that the amount of gratuity so admissible, where service of less than 15 years has been put in, should be a fraction of the sum ordinarily admissible represented by the number of actual years served divided by fifteen. In calculating actual years of service, the period of service under the former Garden Reach Municipality should be calculated according to the Rules for Gratuity framed under section 73 (*b*) of the Calcutta Municipal Act as modified under Government notification No. 2080 M., dated the 31st March, 1924.

III.—Apportionment of arrears due to the Corporation other than those on account of rates, taxes and fees [section 6 (f)].

The Committee are not clear what items come under this head. They may include fines under the Calcutta Municipal Act, or rents, etc. In any event, the sum involved cannot be large and we recommend that all such arrears should be received by the Corporation as in the case of arrears of taxes, rates and fees under section 15 of the Act.

IV.—Movable property.

We recommend that all registers, documents and account books which concern the Garden Reach area exclusively should be made over to the Garden Reach Municipality. If any documents, books or registers concern other areas besides Garden Reach and copies have to be made, the cost of copying should be borne equally by the Calcutta Corporation and Garden Reach. The copying of all such papers should be completed within six months of the constitution of the new municipality and, in the meantime, the employees of the Garden Reach Municipality should have free access to records with which the Garden Reach Municipality and the Corporation are jointly concerned.

All water lorries and carts, conservancy carts, etc., and all other movable property, plant, material, or furniture employed in the area of the Garden Reach Municipality on the 1st January, 1933, should be made over to the Garden Reach Municipality, when constituted, free of cost. The water boat at present partly employed in the Garden Reach area will not, however, be required by the Garden Reach Municipality. Similarly, all schools, dispensaries, maternity centres, milk kitchens, etc., should be made over to the Garden Reach Municipality as going concerns and with the equipment in their possession on 1st January, 1933.

The trenching ground and a portion of the Trenching Ground Road which will fall outside the area of the Garden Reach Municipality should vest in the commissioners of that municipality.

Under section 12 (2) of the Act, all immovable property in Garden Reach area and all interests of whatever nature therein vested in the Corporation of Calcutta shall vest in the Commissioners of the Garden Reach Municipality. It appears that the trenching ground of the old Garden Reach Municipality situated in mauza Alampur (J. L. No. 5 of police-station Metiabruz comprising plots 570-582 and 584) and the Trenching Ground Road in mauza Ramdashhati (J. L. No. 4 of police-station Metiabruz comprising plots 852, 939) have been recorded in the name of the Corporation of Calcutta in the settlement records. The trenching ground and a portion of the Trenching Ground Road are outside the limits of both the Garden Reach Municipality and the Corporation of Calcutta, i.e., in villages Alampur and Ramdashhati within a Union Board area. So this cannot properly be vested in the Commissioners of the Garden Reach Municipality under section 12 (2) of the Act.

A possible solution of the difficulty is an order under section 20 of the Act, vesting all rights and interests in the trenching ground and the road as described above in the Commissioners of the Garden Reach Municipality.

In conclusion, we desire to place on record and to bring to the notice of Government the very valuable services rendered by our Secretary, Rai Jamini Mohan Ghosh Bahadur, Deputy Magistrate, in the pursuit of our enquiries. Much of the information required by the Committee for the purposes of this investigation was not available before the beginning of this year and it is largely due to our Secretary that we have been able to complete this enquiry within a period of three months from the time when the relevant data were placed before us.

* Subject to Notes of Dissent.

Note of Dissent by Mr. Unsud-Dowla.

I generally agree with the recommendation of the Committee with certain exceptions which are as follows:—

Boundary.—As the Committee have accepted the interpretation of the sub-section (*1*) of the section 2 of Bengal Act. III of 1932, as meaning all lands required by the Port Commissioners for the King George's Dock and the works connected therewith it will be going against the spirit of the Act to make recommendations suggesting to take areas belonging to the Port Commmissioners, within the new Municipality but we shall be justified if we suggest modifications were the spirit of the Act has been departed from. As for instance, the inclusion of the Begum's and Singerhatty property. But if my interpretation of the section, namely only lands which would be occupied by the Dock and the works connected therewith is accepted then the suggestions made in the report of the taking over larger areas of the Port Commissioners could be made under the present Act. In any event we cannot leave the Garden Reach tube-well, which is serving the purpose of a pumping station in this area, and we cannot be saddled with a big road like the New Taratolla Road which is of no use to Garden Reach and which passes through Port Commissioners' lands, simply for the purpose of clearness of boundary demarcation though the whole of the southern boundary, about 4 miles long is absolutely imaginary.

Commissioners and division of wards.—As regards the division of the New Garden Reach Municipality into wards I am still of the same opinion as the Ratepayers' Association that sections 9 and 10 of the Garden Reach Municipality Act read together with section 20 of Bengal Municipal Act, 1932, which provides for the consultation of the commissioners on the subject, debar this Committee from making any recommendation and rightly too, because (*i*) the demarcation of the boundary is not fixed and so the area of the wards cannot be defined; (*ii*) the qualification of voters or of the commissioners has not yet been laid down by the Government and so it is not possible at present to ascertain the total number of voters in this municipality or their number in each of the wards proposed by the Committee. The total number of commissioners will also depend on the number of voters and therefore no recommendation is desirable at present, but as incidental to the separation

of Garden Reach from Calcutta, Government is to nominate commissioners for Garden Reach Municipality for two years, a recommendation on the lines of the scheme of the Bengal Municipal Act may be suggested, namely, a quota of three-fourths for elected representatives and of one-fourth for the nominated: the former to consist of Hindus and Muhammadans with the majority community reflected in representation and the latter representing capital, labour and experts, the fixing of the total number being left to Government keeping in mind the number 26 of the Ratepayers' Association and 20 of this Committee.

The recommendation of the Committee to deal with the new Municipality as if it were governed by section 18(*1*) of the Bengal Municipal Act, is open to objection for various reasons, the first is its impracticability for the want of any definition of industrial concerns, we all know that when Garden Reach was part of the South Suburban Municipality there was no mill or factory here and the only concentration here was of the tailoring industries. Nothing is being proposed for safe-guarding it. Secondly, the big area in which the mills are situate contains only 5 or 6 ratepayers and out of about 25,000 workers in them more than half are non-resident outsiders and the other half are either non-voters or ratepayers in their own interest and name. It will, therefore, be inexpedient to constitute industrial constituencies to elect representatives of capital and labour which might safely be left for the present to Government nomination. Mr. Vernon has expressed his approval to this arrangement. The recent election of Mr. Wallace as a Councillor to Calcutta Corporation from a general constituency demonstrates that a representative of capital can safely seek election through the general electorate.

Adjustment of financial liability.—Next item is section 6 and its sub-sections. The Corporation has quoted only the Moore and Bateman's Scheme as a charge under this heading.

Sub-section (*b*) relates to portions of loans raised by the Corporation solely for the benefit of Garden Reach area and sub-section (*d*) to portions of contracts as may relate to the benefit of the Garden Reach area.

As the Corporation has not shown any loan or portion of any loan to have been raised for the purpose or the question of liability for the Moore-Bateman Scheme does not arise because even the 42" main for Garden Reach has been stated by the Chief Executive Officer in his letter No. S. 5606, dated the 13/14th December, 1932, paragraph 6, to have been devised for Garden Reach and the Dock area. The recommendation of the Committee in this respect appear to be more of the nature of arbitration between Garden Reach and Calcutta over the liability of the Moore's Scheme on hypothetical grounds (which is not

contemplated by the Act) rather than carrying out the provisions of sub-section (*b*) of section 6 (which is laid down by the Act).

The statement of the Water-works Constructional Engineer of the Calcutta Corporation that a 24" main costing about Rs. 2 lakhs would have sufficed for the Dock area, is not warranted by facts because in the original Moore's Scheme when only the Dock area was to be provided for a 36" main was devised and therefore the difference is only 6 inches rather than 18 inches. In these matters it will not be safe to proceed on guess-work. The above reasons and the provisions of the sections 215 and 242 of the Calcutta Municipal Act and section 6, sub-section (*c*) of the Garden Reach Municipal Act are indications that the legislature did not contemplate fixing of any liability on Garden Reach for the Moore-Bateman Scheme.

Again, the extent of the Moore-Bateman Scheme which ends within a few hundred yards of the proposed Calcutta boundaries cannot be said to be for the benefit of Garden Reach at all. It is no more beneficial to Garden Reach than it is to Calcutta because without the distributory system it will confer no benefit on Garden Reach.

As for the contracts under section (*d*) of section 6 the Corporation has not claimed anything and therefore I need not go into the matter. But I suggest that we should start with no liability for the water scheme and pay for water at the rate recommended by the Committee.*

Water-supply.—The Garden Reach Municipality should retain the privilege of purchasing water for the Calcutta tube-well at the above rate.

I do not agree with the Committee's recommendation that the ratepayers should be allowed to take water from Calcutta independent of the local water-supply and make the municipality pay for it, which will upset and interfere with the water-supply arrangement of the municipality.

Staff.—As regards the staff, I would suggest the retention of such of them as was recommended by the sub-committee—their present pay only guaranteed. As regards the rest their cases may be decided within six months.

As regards provision for initial funds I would suggest that a sum out of the opening balance of 1932-33 of the Calcutta Corporation, proportionate to the ratio of the rates of the Ward 26 to the entire city be given to Garden Reach together with the unspent statutory amount of rupees one lakh per year under section 90.

---

*The recommendation of the Sub-Committee is also to this effect. Mr. Brahma also is of the same opinion.

Note of Dissent by Babu Manmohan Mukherjee.

CHAPTER I.

3. BOUNDARIES.

At pages 6 and 7 of the Report of the Garden Reach Committee as many as three alternative suggestions of boundaries are given. The Government is thus left to choose between several alternatives. The report of the committee should as far as possible be definite, free from objections and should avoid administrative and other difficulties. These recommendations, however, are open to the following among other objections, viz.:—

1. They are in conflict with the boundaries given in the Garden Reach Act and the other Acts of the legislatures involving amendments of the Act and other difficulties and the delays consequent thereupon.

2. One of the suggestions has the effect of cutting off the Southern Generating Station of the Calcutta Electric Supply Corporation, Ltd., from the limits of Calcutta and adding it on to Garden Reach. The Corporation of Calcutta is sought to be compensated by cutting off a block from Garden Reach near about the North-West Soap Factory and adding it on to Calcutta. But the Calcutta Electric Supply Corporation, Ltd., have formally recorded an objection to the inclusion of their Southern Generating Station in the New Garden Reach Municipality.

3. The general objection of the Commissioners for the Port of Calcutta to the exclusion of the King George's Docks and the lands acquired in connection therewith, to be taken out of the jurisdiction of the Corporation of Calcutta and be placed in the New Garden Reach Municipality.

4. Mr. Pal and Mr. Unsud-dowla representing Garden Reach object to the proposed boundaries as they are of opinion that the Garden Reach Municipality should not be saddled with the cost of maintenance of the New Taratola Road. They prefer the boundary as laid down in the Act.

5. The Garden Reach Rate-payers Association also object to the proposed boundaries on grounds similar to the above.

6. The administrative difficulties of the Corporation of Calcutta would be aggravated if the new boundary is accepted. The New Taratolla Road holds the big filtered water mains for the King George's Dock area and the Garden Reach. The Corporation officials

must have easy and unhampered access to the roadway and underground as otherwise, the water-supply to the docks and the shipping and other important interests may be jeopardised in case of breakdowns.

The objection of the Calcutta Electric Supply Corporation is not negligible. The Southern Generating Station supplies power to the other bank of the River Hooghly from Howrah now up to Serampore through the new tunnel under the River Hooghly. It also supplies energy for the docks, the city of Calcutta and other interests in conjunction with the Cossipore Station.

The obvious and the practical solution is to keep to the boundaries as laid down in the Act.

Minor difficulties, if any, may be removed by publication of suitable notifications. There are one or two small properties which have been sold away by the Port Commissioners. The boundaries at these points may be the portion now in the possession of the Port Commissioners on the date effect is given to the Act.

CHAPTER II.

The city of Calcutta needed more water-supply. A scheme for the extension of water-supply to the city was framed by Messrs. Moore and Bateman, Consulting Engineers of England, which was sanctioned by the Corporation of Calcutta on 14th December, 1921. The scheme was duly submitted to Government who sanctioned it.

Subsequently the Bengal Council passed the Calcutta Municipal Act of 1923, as a result of which three new municipalities were added on to Calcutta, viz., the Cossipore-Chitpur, Maniktolla and Garden Reach. They had no pumping stations and arrangements had to be made to supply them with a larger quantity of filtered water. A revised estimate was framed under the water-supply extension scheme which was duly sanctioned by the Corporation and the Government. It is needless to state that the Councillors from Garden Reach never objected to it. They wanted it and it is quite natural that they should do so. The revised estimate was sanctioned by the Corporation and Government after due scrutiny.

In Appendix "B" is a statement showing the total amount spent on the water-supply extension scheme up to November, 1932. It shows that the sum already spent is Rs. 2,47,01,303 and the proportionate share of Garden Reach on the basis of population is Rs. 20,66,383.

In the explanation annexed to Appendix "B" it is found that loans were raised to the amount of Rs. 2,50 lakhs to meet this expenditure

of Rs. 2,47 lakhs, the difference representing the discounts, etc. An easy method of payment is also shown there, viz., Rs. 1,57,500 per annum, which the New Garden Reach Municipality should pay. They may do so from the sum of Rs. 2·5 lakhs which they are to get from the Corporation annually under the Act.

An attempt has been made in the report to absolve Garden Reach from paying the major portion of this legal liability. The sum payable by Garden Reach has been fixed at only Rs. 2,34,139 instead of Rs. 20,66,383 being the proportionate share and the amount actually spent on account of Garden Reach.

In order to bring about the result arguments like "big neighbours" and "small neighbours" have been introduced. Mr. Unsud-dowla in the committee pleaded poverty. But a fixed sum of money has been spent on account of Cossipore, Maniktolla and Garden Reach, and if Garden Reach is made to repudiate, further burden would impose on rate-payers of Cossipore and Maniktola, which is certainly opposed to equity. Poverty can equally be pleaded by Maniktolla and Cossipore. The arguments lose all force when we remember that Mr. Vernon has stated in his note that between six concerns they have invested 3½ crores of rupees in Garden Reach and they pay ¾th of a crore of rupees as wages to labour annually. Certainly Cossipore and Maniktolla are not equally fortunate. Many wards in Calcutta have not got it. Mr. Vernon's statement indicates that there is much room from revenue for the New Garden Reach Municipality which is not shared by many wards in Calcutta and certainly not the added areas. The future for Garden Reach is quite bright enough.

Having started with this wrong assumption the report has arrived at conclusions which are unsupportable in principle and in facts. The Consulting Engineers have been taken to task for laying down a mere ambitious scheme than was necessary. A quantity of water at 62 gallons per head per day was not necessary in the authority of a new proposition laid down by the members representing Garden Reach who think 10 gallons per head to be sufficient. To prove that the supply of water according to Moore Bateman was on a very large scale, authority is quoted from a pamphlet written by a Pumping Station Superintendent from which the supply for 6 cities are quoted. But the quotation supports Moore and Bateman's proposition, inasmuch as the average for the 6 cities comes to 49·6 gallons, say 50 gallons per head and not 10 gallons. Moreover the average is lower than Indian requirements as it includes some English cities where requirements are lower due to cold climate. One of the Indian cities shows a maximum of 100 gallons per day. The report has lost sight of the fact that the condemnation of the Moore-Bateman Scheme is a censure on the Government, who scrutinized it at every stage and sanctioned it, and sanctioned the loans from time to time to meet the expenditure

involved. All this is irrelevant to the inquiry. The question which the committee is asked to settle by the Government is not what could have been, nor should have been, nor can, but simply what was done; and how the amount is to be allocated.

A reason why the report allows the Corporation to recover only Rs. 7 lakhs out of the expenses already incurred towards Garden Reach to the tune of about Rs. 20¾ lakhs is found in the following lines:—

"It may be mentioned here that the completed portion of Moore Bateman Scheme in the Garden Reach area consists of a 42" main which has been connected to the junction of Garden Reach Road and Circular Garden Reach Road (i.e., at the extreme north-eastern corner of Garden Reach Municipality) but nothing has been done to provide distributory system. We mention it (Mr. Griffin's Scheme) because it appears to us that there is much to be said for the argument that if Garden Reach Municipality can provide itself with an adequate supply of water (filtered) in combination with a scheme which will be of great benefit to Garden Reach area at a cost of Rs. 7 lakhs inclusive of the cost of distribution, it is not equitable to ask the Garden Reach Municipality to contribute more than this sum to the Moore-Bateman Scheme which is unnecessarily ambitious for the needs of this small municipality and less advantageous in that it cannot be combined with a town improvement scheme."

The ideas carried by the above are the following:—

(i) That there is no distributory system in Garden Reach.

(ii) That Rs. 7 lakhs is all that is necessary to provide a distributory system there, together with pump houses, pumping machines, a large reserve tank to hold the entire supply for Garden Reach for 3 months, land acquisitions, filtered beds, settling tanks, sluice valves, and other adjuncts and over and above all that a town improvement scheme. In fact the small sum of Rs. 7 lakhs will find a panacea for all evils for Garden Reach.

The idea is directly negatived by another statement at page 14 of this report where it is stated that the "Government have sanctioned an expenditure from loan account of Rs. 6,63,800 for this purpose," i.e., to provide a distributory system for Garden Reach. Either the Government is very much wrong in allowing about Rs. 6⅔ lakhs for merely a distributory system for Garden Reach or the figure of Rs. 7 lakhs is all too short for all that is claimed for it. Fact is, Mr. Griffin's Scheme for Rs. 7 lakhs is very much misunderstood. The further fact is that there is a distributory system in Garden Reach through which the Calcutta Corporation is now sending out filtered water through Garden Reach by a main which comes from Hide Road

and runs up to the junction of Circular Garden Reach Road and Garden Reach Road. This supply is further augmented by two tube-wells, one at about this place which is the north-east extremity of Garden Reach and the other tube-well being to the south, on Akra Road.

There are various statements in the report which do not bear scrutiny. It is not surprising in that there were not sufficient materials before the committee, there were no expert advisers and the time was too short. It is needless to recount all the arguments and to refute them. Figures were provided by the Corporation showing that a much larger sum has been spent on Garden Reach than the receipts from Garden Reach. The difference instead of being charged against Garden Reach has been dropped and no reason is assigned why it was done. On the top of all that a sum of about Rs. 3¼ lakhs has been set down as liability of Calcutta, and this is set off against Rs. 7 lakhs. To do this an arbitrary principle is laid down that "Original improvement works" should be interpreted as capital works chargeable to the Municipal loan account. If that was the intention of the legislature they would have said so and instead of "Original improvement works" they would have put "Loan works" in section 90 of the Calcutta Municipal Act of 1923. Still another example of an arbitrary finding in the report is the following:—

"The Corporation has placed before us a statement showing the receipts from and expenditure on the Garden Reach area during the eight years 1924-25 to 1931-32. According to this statement the receipts from Garden Reach inclusive of the dock area during this period total Rs. 35,30,037 while the expenditure amounts to Rs. 40,96,405 leaving a debit against Garden Reach of Rs. 5,66,332. We consider, however, that this factor must be ignored in the adjustment of the finances between the two municipalities concerned."

It is only fair that if the excess amount spent on Garden Reach by the Corporation over the receipts from that quarter is not charged against Garden Reach, the sum of Rs. 3,24,990-6-9 set down as liability of Calcutta should also be dropped. Appendix D is misleading; it is not exhaustive. Even in it there is no reason why some items have been allowed while others are disallowed.

To show only a few instances of inaccuracies that have crept in the report mention may be made that while it allows approximately Rs. 7 lakhs to the Corporation as the value for Garden Reach main, no mention is made of the fees of Moore and Bateman for this main. Obviously it is an omission; likewise the item of expenditure in India for supervision has been omitted. The share of Garden Reach on these two heads, viz., Rs. 62,508 and Rs. 32,959 should be allowed against Garden Reach. Another instance is that while allowing about Rs. 7 lakhs on this head the report proceeds on the basis of a total expenditure of Rs. 2,47 lakhs on works up to November, 1932,

and omission has been made of the fact that in incurring this expenditure the total loan that had to be raised to obtain this liquidated amount was Rs. 2,50 lakhs, the difference representing the discounts, etc. It is not possible to go into all such details.

To simplify matters, an amount of Rs. 20⅝ lakhs should be allowed against Garden Reach and it will repay the amount at the rate of Rs. 1,57,500 per annum and the said sum is payable from the date of separation, and may be set off against Rs. 2·5 lakhs to be paid by the Corporation to the Municipality.

Note of Dissent by Babu Phanindra Nath Brahma.

I regret that I cannot agree with all the recommendations of the committee on several points, specially those regarding the adjustment of finances between the Corporation of Calcutta and the New Garden Reach Municipality, the liability of the New Garden Reach Municipality for the loans raised by the Corporation of Calcutta and regarding the maximum rate which the Corporation may demand for water supplied to the Garden Reach Municipality. As these are closely connected, I propose to take them together.

The committee have recommended that the Garden Reach Municipality would not be liable for the loans raised and expenses incurred for the execution of the Moore and Bateman Scheme except in respect of a portion of the costs of the sub-zone from Sterndale Road to the junction of Garden Reach Road and Circular Garden Reach Road. The committee find that "the contracts for the Moore and Bateman Scheme related to the benefit of the Garden Reach area in varying degrees of intensity". The committee have also found that "owing to the inclusion of the 'added areas' including the old Garden Reach Municipality area, the original scheme had to be revised involving a very large additional extra expenditure". If Garden Reach Municipality had not been included, there must have been less expenditure and this extra expenditure has been incurred by the Corporation under its statutory liabilities. Then, if it be taken into consideration that a substantial portion of the Old Garden Reach Municipality area is being retained within the Calcutta Corporation for which New Garden Reach is getting a subsidy, there is no escape from the position that the New Garden Reach Municipality must pay a portion of the costs of the scheme.

Again, if the Garden Reach area is held to be liable for the share of the costs of the main from Sterndale Road to the junction before mentioned which also serves areas lying within the Calcutta Corporation, what distinction on principle can be made for its liability in respect of the rest of the mains which bring water to Sterndale Road point or for the liability of the costs required to produce the water which is brought there?

This raises the question whether this liability has been excluded by the Garden Reach Municipal Act. The committee have referred to sections 6(*a*), 6(*b*), 6(*d*) and 12(*3*) and have contended that Garden Reach is not to be held liable "for such portion of the costs as cannot be shown to have been incurred solely for the benefit of Garden Reach area". This brings us to the question whether any portion of this expense has been shown to have been incurred solely for the benefit of the Garden Reach area. It has been proved and has also been found by the committee that the Corporation had to incur extra expenditure on the Moore Bateman Scheme because of the inclusion of the Garden Reach area and it is also found by the committee that it has been to the benefit of the Garden Reach area in varying degrees of intensity. So the only question that is left for consideration is what portion of the costs incurred may be said to have been incurred for [illegible] efit of Garden Reach alone. The only basis for the calculation of this proportion would be that on which the estimate of the costs was made, *viz.*, the population basis. It has been said that Garden Reach area would not require filtered water on such scale, *viz.*, 63 gallons per head, and so must not be made liable on that basis. But abundant supply of filtered water in Garden Reach area is absolutely necessary for prevention of epidemics in that area and its spreading into the Port of Calcutta which must be avoided by all means as otherwise New Garden Reach Municipality would be constant standing menace to the prosperity of the port which is, as the committee hold, the life and soul of Calcutta. We would emphatically protest against any experiment being made in this vital question involving the importance and dignity of the port.

Further, if Garden Reach is to develop into a first class municipality, it must fulfil the primary duty of a municipality, *viz.*, the supply of sufficient quantity of pure drinking water, so that the area may grow up and more residents may migrate there. Without proper water-supply and drainage, Garden Reach would not grow in a way commensurate with natural advantages of river frontage and neighbourhood of the city of Calcutta and would be constant source of danger to the port and the city itself.

Next question would be: what would be the terms on which this liability shall be adjusted? Moore Bateman Scheme has only augmented the previous supply which was 34 gallons per head and this has now increased to 63 gallons per head. Of course Garden Reach cannot avail of this till her new distributory mains are laid. Had Garden Reach continued to be within Calcutta, this expense would have been met from the funds of Corporation. But as the work remains unfinished, so far as Garden Reach is concerned, Garden Reach may very well demand some consideration on this account. For in order to entitle Garden Reach to avail of the entire supply, Garden Reach would have had to incur an extra expenditure in distributory mains as laid down in Moore Bateman Scheme which would have been borne by the Calcutta

Corporation had it contained within Calcutta; so Garden Reach may very well get a proportionate share of this calculating on the same basis on which the initial funds to be provided for Garden Reach has been calculated. Garden Reach is entitled to get 93/94 of the estimated costs, *viz.*, Rs. 6,63,800, and this sum may be set off against its liability for the loans. This may also be arrived at by another process. The estimated additional cost for inclusion of the added areas in the Moore Bateman Scheme is roughly Rs. 45½ lakhs, but the revised estimate on the basis of actual cost in the scheme has been more than the estimated one by nearly one-seventh; so roughly the additional expenditure is 45½+6½ or Rs. 52 lakhs; now if this be allotted on the population basis of 1931 in the added areas of Cossipore, Maniktolla and Garden Reach, the share of Garden Reach would be roughly 5/18 of 52 lakhs, *i.e.*, 260/18 or 14-4/9 lakhs.

Then comes the question on what terms Garden Reach is to get its future supply of filtered water from the Calcutta Corporation. The water which Garden Reach would get is not entirely attributable to the Moore Bateman Scheme but also to the previous waterworks of the Calcutta Corporation which produced 34 gallons per head and the new scheme has only augmented it. Taking the ratio of the previous production to the new, it may be roughly taken that for every gallon of water that Garden Reach would consume Garden Reach would get half of it out of the previous outlay made by the Corporation and half from the Moore Bateman Scheme for which Garden Reach is being made to contribute. So Garden Reach is entitled to get half its supply at the running cost of production, *viz.*, maintenance cost, establishment, etc., and the other half at a reasonable rate under section 242 of the Calcutta Municipal Act. Government pay at the rate of annas 4 per 1,000 gallons for supply at Barrackpore. Dum Dum Municipality pays at the rate of annas 8 and Garden Reach being at a great distance from the Talla Pumping Station, the cost of transmission and loss by leakage would be more for Garden Reach than Dum Dum. But Garden Reach having been a co-partner of the Corporation and as abundant supply of filtered water in Garden Reach is for the safety of Calcutta, the Garden Reach may be called upon to pay on an average at the rate of annas 8 per thousand gallons of its supply. Garden Reach Municipality should pay its share of loan charges to the Corporation on the terms on which the loans have been raised by the Calcutta Corporation. This arrangement should continue for 30 years which is the estimated life of the machineries, etc., of the Moore and Bateman Scheme, after which Garden Reach would pay on such terms as may be agreed on between them and the Calcutta Corporation under section 242 of the Calcutta Municipal Act.

A point has been attempted to be made that Calcutta may consume the excess water which would have been consumed by Garden Reach and hence Garden Reach would not pay for the loans; but it does not seem to

be correct in fact and why should the Calcutta Corporation be saddled with a cost which it has incurred for a different body and condemned to waste the water for many years for which it cannot have any present necessity?

Several arguments have been advanced in support of the recommendation made by the committee on the above points. They are as follows:—

(i) That Garden Reach is a poor neighbour; so it must not be saddled with a heavy liability for a scheme which it does not require and cannot utilise. I respectfully differ from it. The Garden Reach with a starting income of not less than Rs. 4½ lakh for a small area with its natural advantages of extensive river frontage and facility of drainage, etc., would be a first class *mufassal* municipality and in a position to incur the necessary costs for an improved and up-to-date waterworks scheme and is under an obligation to do that for its own development and safety of its neighbour. Very large sums have been invested in industrial concerns and if it be allowed to have a normal and natural growth, Garden Reach has a very brilliant future and that must not be refused to it by allowing it to dwindle into a third class municipality without sufficient water-supply and proper drainage. To put in the words of the members of the Goode Committee "Garden Reach must not be allowed to wander in the wilderness".

(ii) That Garden Reach may have its waterworks scheme. Surely if the New Garden Reach Municipality consider that it is more profitable for it to have a separate scheme by all means Garden Reach would have it, but that is no ground for saying that Garden Reach would not pay the legitimate debts incurred for her with the consent of her representatives in the Corporation.

(iii) We cannot agree that the liability of the Corporation under section 90 has not been discharged. On the other hand we find that the Corporation has spent much more for Garden Reach during these years than it has got from that area.

Next I consider the question of the provision of initial funds. I was at first of opinion that no initial funds need be provided in view of the fact that the Garden Reach Municipality immediately on its formation would get a large sum from the Calcutta Corporation as this contribution under section 90A of the Calcutta Municipal Act. But after discussion with the other members of the committee I agree with them that the Garden Reach Municipality would get a share of the closing balance as recommended by the committee, but I think that the

closing balance on the date of the separation would be taken into consideration and the 1/94th share of which should be given and not the closing balance on the 1st January, 1933, as after that date expenses would have to be incurred for Garden Reach and Garden Reach would get the benefit of this expenditure as well as share of the same, so would be doubly paid out of this sum. So the date of the separation should be the material date and not any other date taken arbitrarily. The suggestion underlying the proposal is that the Corporation may maliciously spend away large amount and thus reduce the closing balance to the disadvantage of the New Garden Reach Municipality. But the representatives of the Garden Reach area are still in the Corporation and they would control and prevent this being done and it is unthinkable that to deprive Garden Reach the Corporation would resort to such a mean device which may also mean severe loss to the Corporation.

As regards the compensation payable to the employees who are discharged by reason of the separation, the recommendation that this should be paid by the Corporation is unreasonable. This should be paid by the Garden Reach Municipality as this is done in the interest of the Garden Reach Municipality for the future saving of their costs and they would profit by it. Further these officers were generally employed and their salaries increased mostly on the insistency of the members representing Garden Reach. Besides, as the New Garden Reach Municipality would get their proper share of the closing balance, it is unjust to saddle the Corporation's share of the closing balance with a liability which should have been paid out of the entire closing balance if they are discharged before the separation. This is all the more so as the discharge of the officers would be made some six months after the separation and in the interest of the Garden Reach Municipality by the Commissioners thereof.

As regards the boundary, although I agree with the recommendations of the committee, I respectfully want to suggest that a belt of sufficient width between eastern limits of the Port Commissioners' properties and the New Garden Reach Municipality may left within the Calcutta Corporation, so that in the time of epidemics steps may be taken in this area to prevent the spread thereof to Port Commissioners' area. For, if at any time any epidemic breaks out within the port, disastrous consequences may follow. I suggest this for consideration by the Port Commissioners as well as the Local Government. I would further suggest that no area should be transferred to Garden Reach on the borders the owners of which do not want to leave the Corporation.

Explanations to Appendix B.

(1) The total expenditure on Moore's Scheme as a whole up to the 30th November, 1932, is Rs. 2,47,01,303, out of which the share of Garden Reach would come to Rs. 20,66,383 say Rs. 20⅔ lakhs, as brought out in the annexed statement.

The calculation has been made on the basis of population of 1941, on which Mr. Moore's estimate was framed. In applying the proportion on the basis of population only those works have been taken into account which concern Garden Reach. No part of works which have no concern with the supply to Garden Reach have been debited to Garden Reach at all.

(2) The portion of cost and the basis thereof will be apparent from the statement itself. It is hardly possible to give lengths of main ward by ward, nor would it serve any purpose, inasmuch as the mains are Zone mains, each Zone comprising several wards. The fact that a particular main does not pass through a particular ward does not mean that such ward is not benefited by such main.

Regarding the enlargement of the Palta Tallah main, the size in the original estimate was 54", which was increased to 60" in order to provide for a supply to Cossipore-Chitpore, Maniktola and Garden Reach on a par with the rest of Calcutta. It is not possible to calculate what a hypothetical 54" main would have cost. The only proper way to arrive at proportionate costs is on the basis of population which was the basis of the size of the main.

(3) The loans for Moore's Scheme have been raised from year to year at varying rates of interest 6 per cent., 6½ per cent., 5 (subject to a heavy discount), 6¼ per cent., etc. On the whole the rate of interest would be 6 per cent. on an average. The annual Sinking Fund contribution would be 1·5 per cent. for 30 years which is the life of all the loans. The total loan raised so far is Rs. 250 lakhs. The whole of this has been exhausted, in fact advances have had to be made for work bills. The difference between Rs. 247 lakhs, the total expenditure on works, and the total loan (Rs. 250 lakhs) and advances represents discounts, etc. Taking a round figure of Rs. 250 lakhs, the total expenditure for Garden Reach on which loan charges have to be calculated is, say Rs. 21 lakhs. The total loan charges (at 6 per cent. for interest and 1·5 per cent. for Sinking Fund) are Rs. 1,57,500.

GOVERNMENT OF BENGAL.

Local Self-Government Department.

CALCUTTA, THE 26TH JUNE 1933.

RESOLUTION—No. 3648M.

Minister-in-charge: The Hon'ble Sir Bijoy Prasad Singh Roy, Kt.

Resolution reviewing the reports on the working of Municipalities in Bengal during 1931-32.

Number of municipalities.—The number of municipalities was 117 as in the preceding year. Madaripur Municipality in Faridpur was reduced to half its previous size by the exclusion of rural areas. No change was reported in the boundaries of any other municipality, but the Serajganj Municipality debated a revision which would make the area to be administered more compact. Such a measure would probably be advantageous in several municipalities.

2. **Elections.**—General elections were held in 53 municipalities including Baruipur, where the elective system was restored after being withdrawn for incompetence due to party faction in 1929. Most of the elections were contested keenly. In ward No. III of Baraset Municipality every voter went to the poll, while over 90 per cent. voted in all three wards of Jaynagar and in one ward or more of 13 other municipalities. The percentage fell below 50 in 5 municipalities, being lowest in Baranagar and Nabadwip where in one ward only 34 and 108 voters, respectively, polled out of 894 and 341 on the registers.

Civil suits were instituted in no less than seven municipalities, viz., Burdwan, Kalna, Bankura, Midnapur, Gobardanga, Baduria and Comilla, and fresh elections had to be held in one ward each of Bankura and Gobardanga.

3. **Municipal meetings.**—There were only 3 municipalities which failed to meet once a month. At Gobardanga no meetings at all were held: at North Barrackpore there were only ten, and at old Malda, where 11 were summoned, one failed for want of a quorum and all the rest were adjourned. The attendance of commissioners was fairly good with a few striking exceptions, among which Rajbari with a percentage of 5·6 calls for mention. On the other hand, 118 meetings, against 129 in the previous year, were not held for want of quorum. The total number called was 2,601, of which 249 were adjourned, against 164 in the previous year. The largest number of meetings held was 70 at Bansberia, but the commissioners of Santipur, Nabadwip, Burdwan, Panihati and Krishnagar met 45 times or more. It is unfortunate that municipalities should thus fail to conduct their business with reasonable despatch, but in one of them at any rate, viz., Santipur, the cause was undoubtedly party faction which is having a serious effect on the administration of the town.

4. **Ratepayers and population.**—The total number of ratepayers rose from 337,380 to 343,600, but their percentage to the total population, as shown in the 1931 census, remained almost stationary in all divisions except Rajshahi, where, owing to an increase of nearly 31,000 in the town population, it fell from 20·9 to 18·3. The percentage of ratepayers was highest in Kumarkhali (46·7), followed by Sherpur with 37·5, Bogra with 34·1, Chandrakona with 29·6 and Katwa with 29·5. In 14 municipalities, for the most part with populations largely composed of mill operatives, the number of ratepayers was less than a tenth of the population of the town. In Bansberia the ratio fell from 17·87 to 8·5 owing to an abnormal increase from 6,382 to 14,221 in the population, as shown at the last census.

5. **Rates and taxes.**—The average incidence of municipal taxation for the province as a whole was Rs. 3-1-2 against Rs. 3-3-9 in the previous year. It was against highest in the hill municipality of Darjeeling (Rs. 14-7-10). Next came the new municipality of Dum Dum (Rs. 8-3-4) and the municipalities of Howrah (Rs. 8-2-11) and Kurseong (Rs. 7-8-11). The figure for Kurseong showed a reduction of Re. 1-2-11, owing chiefly to an increase in the population but in part to smaller collections. The increase at Darjeeling by annas 11-2 was due to a fall in the population and to excellent collections. In ten other municipalities the incidence was above Rs. 4 while in 23 municipalities it fell below Re. 1, being lowest in Bajitpur (annas 6), Debhatta (annas 7) and Baduria (annas 7-9). The income from municipal rates and taxes rose from Rs. 68·37 lakhs to Rs. 70·76 lakhs. The economic

situation led to postponement of a revision of assessment in several municipalities but there were revisions, general or partial, in 34. The largest increase resulting from such revision was obtained in the South Suburban Municipality (Rs. 11,664). The municipalities of Budge Budge, Dacca, Bhatpara, Panihati and Chittagong obtained increases of Rs. 10,550, Rs. 8,561, Rs. 7,923, Rs. 6,445 and Rs. 5,359, respectively, but in Jamalpur there was a decrease of Rs. 2,846 in the municipal revenues, due chiefly to remissions granted during the year. Nawabganj Municipality deserves particular mention as deriving about 28 per cent. of its revenues from cart registration fees: in effect it thus taxed the people of neighbouring villages and was able to keep down the rate of taxation in the town: The incidence and the yield of the tax on persons was extremely low for a town of this size and the registration fees yielded far more than was spent on roads.

6. **Collections.**—The total collections for the Presidency as a whole rose from Rs. 66·79 lakhs to Rs. 67·43 lakhs and the percentage of total collections on current demand also rose from 88·4 to 89·5 Municipal finances continued to reflect the economic difficulties of the province, but in spite of this there were 15 municipalities where the collections exceeded 100 per cent., the highest percentage being attained by the Darjeeling Municipality (109·8). These examples show that where there was impartiality and firmness on the part of the head of the administration and where the commissioners co-operated, good collections could be made. There were too many municipalities which, on the plea of economic distress among the ratepayers, made no real effort to reduce arrears. The percentage of collection was below 80 in 19 municipalities and was no more than 57·5 in Panihati where collections were hampered by appeals against the new assessment. Garulia collected cent. per cent. of its demand without any remission and without leaving any outstanding balance, while Champdany and Nalchiti realised practically the whole demand, granting less than ·3 per cent remission and leaving practically no balances. Ramjibanpur, Dum Dum and Santipur showed improved collections and Vishnupur did twice as well as in the previous year, but there was a noticeable falling off in Basirhat and Sherpur (Bogra). Reluctance to take action against defaulters, to which attention has been called year after year, continued to be the cardinal defect in the municipal administration and there are several municipalities regarding which it is said that not much endeavour was made to realise arrears from defaulters who were rich and influential.

Remissions rose by more than half a lakh to a total of Rs. 4·6 lakhs. The present body of commissioners at Vishnupur who are reported to be doing much better work than their predecessors had to remit 18·7 per cent. of the current demand and in spite of comparatively good collections left an outstanding balance of more than half the current demand. At Dum Dum and at Bhola remissions amounted to nearly one-sixth of the current demand. The municipalities of Garulia, Baduria and Meherpur allowed no remission.

The outstanding arrears increased by nearly 3 lakhs of rupees to Rs. 25·1 lakhs, which is approximately 37 per cent. of the demand realised. Dhulian, Bhadreswar and Garulia are the only municipalities where there was no outstanding balance at the end of the year. There were only nominal balances left at Nalchiti (Rs. 13), Kanchrapara, (Rs. 28), Champdany (Rs 38) and Cox's Bazar (Rs. 50). Rajpore on the other hand had a balance outstanding equivalent to 108 per cent. of its demand. There were large balances in Howrah (Rs 7,95,268), Dacca (Rs. 3,02,906), Hooghly-Chinsura (Rs. 1,01,099) and Mymensingh (Rs. 96,108). No explanations have been furnished for these heavy outstandings except as regards Dacca, where they are attributed to the economic difficulties of the majority of the ratepayers.

7. **Income and expenditure.**—The total receipts amounted, with the opening balances, to Rs 122·4 lakhs against Rs. 109·9 lakhs in the preceding year, but the increase occurred mainly under the head "Extraordinary and Debt." The total disbursements rose from Rs. 96·75 lakhs to Rs. 109 lakhs.

The total balance at the close of the year was Rs. 13 lakhs as in the previous year. The largest balances were those of Darjeeling (Rs. 2,43,839), Howrah (Rs. 1,34,349), Dacca (Rs. 97,329) and Baranagar (Rs. 47,400). The greater

part of the balance in Baranagar represented funds set apart for the water-supply scheme. A great many municipalities including Dacca had closing balances which were quite inadequate to meet outstanding liabilities and several left themselves no working balances. The worst offenders in this respect were Bajitpur, Gobardanga and Sonamukhi, with balances of Rs. 16, Rs. 17 and Rs. 31, respectively.

8. **Education.**—The total amount spent on education, including the Government grant of Rs. 1·16 lakhs, fell from Rs. 5·15 lakhs to Rs. 5 lakhs which represented 5·5 per cent. of the municipal income. The expenditure on primary education also showed a corresponding decrease of Rs. 7,000, which is shared by all except the Presidency and Chittagong Divisions. The decrease was most marked in Howrah (Rs. 5,891) and Rangpur (Rs. 3,420), which none the less spent 16·5 per cent. of its income on education. Here as in several other municipalities the decrease was due to avoidance of expenditure on the construction or repair of school buildings. Other municipalities where there was a noticeable decrease were Jhalakati (Rs. 1,267), Bhadreswar (Rs. 1,145), and Hooghly-Chinsura (Rs. 1,037), while as usual Dum Dum and Gouripur spent nothing on education. Ten municipalities, including Darjeeling which in most other respects did excellent work, failed to spend the minimum proportion of 3·2 per cent. of their ordinary income on primary education. This was an improvement over the previous year when the figure was 12; and there was a similar improvement from 25 to 28 in the number of municipalities where the expenditure on education was more than 10 per cent. One of the few towns where the expenditure increased was Berhampur which devoted Rs. 4·851 to the construction and establishment of a fifth free primary school at Gorabazar under Mr. Biss's scheme. Narayanganj maintained three free primary schools and a library at a cost of Rs. 1,660.

The commissioners of the Chittagong Municipality deserve credit for their enterprise with regard to primary education. They succeeded in launching their scheme for free and compulsory primary education for girls, of which mention was made last year, and they spent Rs. 55,371 on education in general.

9. **Water-supply.**—The total expenditure under this head was Rs. 17·34 lakhs against Rs. 11·34, showing an increase of Rs. 6 lakhs. The increase was most marked in Asansol (Rs. 3·7 lakhs), Narayanganj (Rs. 1·4 lakhs) and Darjeeling (Rs. 1·3 lakhs). At Asansol the increase was due mainly to adjustment of advances made previously to the Public Health Department on this account; at Narayanganj the waterworks on the east side of the river Lakshya, which had been commenced about three years before, were completed; at Darjeeling a second reservoir was constructed at Senchal. The Darjeeling Municipality showed energy as regards its water-supply and decided to supply water from its system to certain areas in Ghoom and Jorebungalow at a cost of Rs. 21,500. The noticeable decrease of Rs. 1·6 lakhs at Bhatpara represented a fall in the capital outlay on the town improvement scheme. The water-supply scheme at this place is now working and has proved fairly satisfactory. The waterworks at Narayanganj (on the east side of the river Lakshya), North Chandpur and English Bazar were practically completed by the end of the year and filtered water is being supplied to these towns. The use of municipal water-supplies at Patuakhali and at Faridpur is reported to have resulted in a decrease of the death rate from cholera. Little new work was taken up. The projects at Pabna and Rajshahi came to a standstill owing to non-realisation of local contributions, including those promised by the Tarash Zamindars in Pabna and by Maharani Hemanta Kumari Devi of Puthia in Rajshahi. The big scheme at Budge Budge could not be taken up owing to trade depression, while at Nabadwip the railway have abandoned the idea of excavating a tank and the Public Health Department have been asked for a new estimate for a supply from a tube-well or the river. No great progress was made at Jalpaiguri, though a site was at last selected for the waterworks and experimental tube-wells were sunk. The much-needed scheme for Khatwa, which was estimated to cost Rs. 50,000, was kept in abeyance owing to the impossibility of getting a loan or a grant till the general financial position improved.

Several municipalities sank tube-wells. The town of Jessore is now supplied from tube-wells which gave excellent water and

Brahmanberia sank several for supply of drinking water. The Nabadwip Muni cipality set up 13 hydrants, to which water is pumped from a tube-well at a central station and a scheme for the extension of pipe lines is under contemplation. At Kalna the question of water-supply was solved in part by sinking a tube-well and in Comilla the two tube-wells were unable to meet the demand.

10. **Conservancy and drainage.**—The expenditure on conservancy fell from Rs. 23·76 to Rs. 23 13 lakhs, but it was still in excess of the receipts on this account. The deficit amounting to Rs 5·22 lakhs was made good out of the general fund in many municipalities which persist in this practice so repeatedly condemned On the other hand, several municipalities trenched upon their latrine funds to supplement their revenues, though the Rajshahi Commissioner comments that continued pressure through audit and inspections has checked the tendency to misapply these funds

At Nawabganj the use of motors for conservancy and street watering reduced expenditure by over Rs 8,000 Chittagong, where great interest was taken in improving conservancy, also adopted motor transport for the removal of street refuse on a contract basis with satisfactory results· on account of an epidemic· among their bullocks and heavy loss of fodder due to fire the Chittagong Municipality had to entrust the removal of night-soil also to contractors and found this economical Burdwan Municipality purchased a new night-soil motor van as well as a combined fire engine and watering car, this municipality also acquired a new trenching ground and equipped the old one with a tube-well, a reservoir and a washing platform Rajshahi bought a motor road-watering lorry

On drainage the total expenditure rose from Rs 3·59 to Rs 8·1 lakhs, but this does not indicate a general revival of activity The sum of Rs 56,000 spent at Dacca was chiefly devoted to the partial satisfaction of a High Court decree in the land acquisition case connected with the outfall works. In the Presidency Division the increase of Rs 4¾ lakhs was chiefly due to capital expenditure on the important Bhatpara scheme, though some municipalities also introduced minor improvements. In other divisions little new work was done. In Jessore, Noakhali, Pabna and Comilla, the drains were reported to be in a particularly bad state, but in Comilla the newly constituted commissioners were taking up the problem with energy. At Faridpur the drains were so badly graded as to hold up water and definitely to affect the health of the town, and at Katwa, where the water-supply scheme is held up, the masonry surface-drains with no flushing arrangements had proved to be a nuisance rather than a benefit It is disheartening to the municipal authorities to find that no real good has resulted from their attempts to remedy insanitary conditions, but, till finances become better, their policy must be to persist in small improvements designed to fit into larger schemes which will eventually become possible

11 **Lighting.**– The decrease of Rs 11,000 in the expenditure under this head was not real, for bills to more than this amount were left unpaid in Midnapore, Dacca (Rs 10,567) and Burdwan (Rs 3,595) On the other hand noticeable increases occurred in Bhatpara (Rs 17,017) and Baranagar (Rs 14,936) owing to the installation of electric lighting, while Darjeeling Municipality spent no less than Rs 63,370 on their new scheme, to be completed in three years, for reorganising their electric generating and distribution system. During the year under review electric lighting was introduced in Serajganj and on the main road of Berhampore Appreciable progress was made with the electric supply scheme at Asansol, but no headway was made at Rajshahi and Jalpaiguri where the schemes for electrification are linked with those for water-supply, and nothing more was heard of the projects at Pabna and Kurseong

12 **Public health.**—The municipal authorities almost without exception showed energy in dealing with outbreaks of cholera and small pox In 4 municipalities only were there outbreaks sufficiently serious to be described as epidemics and when sporadic cases occurred, as they did in most places, adequate measures were promptly taken, though a few municipalities wasted money on precautions, such as the burning of sulphur and coal-tar in the affected areas, which were not likely to be of practical value. It is satisfactory to note that vaccination and revaccination were

carried out as a rule systematically, and that the prejudice against revaccination showed signs of diminishing. For example in Tangail and in Dacca there were for the second year in succession far more secondary than primary vaccinations and in several other places revaccinations were numerous. In Dacca and in Pirojpur, where also revaccination was popular, there was not a single case of small-pox. Against cholera the chief safeguard must always be a really adequate water-supply, which is still lacking in the majority of municipalities: but chlorination and disinfection together with anti-cholera inoculation, which appears to be accepted readily, were successful in protecting the towns against the cholera epidemics reported from several districts It is worth mentioning that at Faridpur cholera attacked only persons who did not use the water from the town water-supply

Municipalities were much less successful in dealing with malaria, which demands, for its control, not intermittent displays of energy but persistence in a definite and well-thought-out programme, giving no immediate results From all divisions there are reports of activity in filling up tanks and cutting down jungle. But such activities cannot possibly have any effect on malaria unless carried out systematically and over large areas and the finances of the municipalities forbid their undertaking them on a sufficiently large scale It is essential therefore that municipal authorities should compel property owners to collaborate by keeping their premises in a proper state Increased powers have been given in the new Municipal Act which it is hoped will lead to an improvement in this respect, but they will not do so unless the municipal authorities use them with greater firmness than as a rule they do their present powers Just as frequently they hesitate to incur unpopularity by insisting on the prompt payment of taxes, so too they are reported in many instances to have taken no steps to enforce the orders issued by them on owners of private lands to carry out sanitary improvements. It is possible that in this direction they may find their task made easier by the activities of anti-malarial societies which are reported to have done good work in several towns; supported by a popular movement against insanitary conditions in a definite area, the municipal authorities are in a better position to take coercive measures than when they act on the reports of their public health staff only. At Birnagar the Palli Mandali continued its anti-malarial campaign and in addition undertook measures against mosquito breeding in the Choka Bheel on the outskirts of the town: and in a few other towns anti-malarial campaigns were carried on with the assistance of the Public Health Department. It may be noticed that reluctance to cut down expenditure on sanitation led in many places to neglect of other important activities and in particular of the upkeep of roads.

Activities against the sale of adulterated food-stuffs were very uneven. For its size, the small town of Gaibandha did most, instituting no fewer than 40 prosecutions. The total number instituted by the municipalities of the whole Presidency Division was only 20 more Out of this total 31 were instituted in Berhampur, resulting in fines of Rs 540 At Dacca there were 94 prosecutions but the fines amounted only to Rs 196 The municipalities of Dacca Division on the whole showed the most energy against the sale of adulterated food-stuffs, and among the most active of them was Nalchiti, one of the smallest Rajshahi Division held the second place, but generally speaking little was done in the other divisions One of the Commissioners points out that in prosecutions initiated by district boards the failure of municipalities to check the sale of adulterated food-stuffs by wholesalers has been successfully pleaded as a defence by small shop-keepers in villages, who have to buy from them This is a matter to which municipalities in general might devote more attention The other activities of the municipalities as regards public health work during the year under review call for no special comment

13 **Public works.**—The expenditure on public works fell by Rs. 44,000 to Rs 10·34 lakhs. This was chiefly due to reduced expenditure in the Presidency Division where Baranagar and Bhatpara reduced expenditure by Rs 24,337 and Rs. 12,842 after special expenditure on roads and office buildings in the previous year. There was a decrease in two other divisions, Rajshahi (Rs. 10,500) and Chittagongg (Rs. 5,800—almost entirely in Chittagong municipality), but in Burdwan and Dacca expenditure went

up by Rs. 8,193 and Rs. 17,253. The expenditure on roads increased in the Burdwan Division by Rs. 9,244 and in Dacca Municipality by Rs. 34,399 chiefly on making 1·7 miles of metalled road and treating roads with tar and pitch. Elsewhere very little new work was taken up. In the Presidency Division there was a reduction of 48·8 miles in the mileage of roads maintained by municipalities, chiefly in small towns which have a greater mileage of roads than they can afford to maintain.

14. **Loans.**—Thirty-four municipalities were in debt at the close of the year to a total amount of Rs. 24·9 lakhs against Rs. 23·4 lakhs for the previous year. Hooghly-Chinsura, Narayanganj and Midnapore took loans of Rs. 40,000, Rs. 28,000 and Rs. 20,000 for water-works schemes, while the municipalities of Baranagar, Ranaghat and Sherpur (Bogra), paid off their debts in full The municipalities of Jiaganj-Azimganj and Santipur took loans from private persons without interest The former cleared off its liability on this account during the year, but the latter has not yet repaid the loan.

15. **Audit of accounts.**—The accounts of all but 6 municipalities were audited by the Examiner of Local Accounts and his staff Municipal authorities in general continued to show no appreciation of the value of audit, which they are disposed to regard as an unnecessary interference rather than a useful safeguard to themselves During the year under review, as so often in the past, there were reports of delay in dealing with audit objections, failure to remedy defects, and relapse into irregularities which could with a little care have been avoided But no serious case of embezzlement or fraud was brought to light except in Hooghly-Chinsura where the tax-daroga misappropriated a sum of about Rs. 1,400 A prosecution was started but the accused absconded The Commissioner of the Rajshahi Division has reported a small embezzlement of Rs. 381 by another tax-daroga, who took advantage of the complete lack of system in the collection department. In this case the action taken was quite inadequate: on recovery of the amount the daroga was dismissed and two other officers who were implicated were merely warned.

16. **General remarks.**—A great deal of good work was undoubtedly done by municipal authorities: administration generally was honest, if often timid, and there was almost everywhere enthusiasm among both commissioners and ratepayers for improvements, especially in connection with public health. It must be remembered that the commissioners have as a rule almost insuperable obstacles to face The streets are badly laid out, the surface drains such as no reasonable means can keep clean, the vacant spaces frequently covered with insanitary jungle or occupied by dirty tanks or swamps, and the ratepayers steadily opposed to fresh taxation. It is not surprising that progress should be spasmodic and that as a rule the municipal administration follows stereotyped tradition But grants from the proceeds of the motor vehicles tax will be of some assistance to them and the Municipal Act of 1932, presents an opportunity for a break with the past and for advance on new lines; it puts municipalities on a more popular basis, gives them increased powers, and allows them to raise larger revenues. There is thus every possibility that with a return to prosperity, a new spirit may enter into the administration of Bengal municipalities

The names of the following Chairmen, Vice-Chairmen and Municipal Commissioners have been brought to the notice of Government on account of good work done by them, and the Government of Bengal (Ministry of Local Self-Government) desire to express their appreciation of the public spirit shown by these gentlemen:—
